Spring 2027 Registration Information

Instruction begins on Monday, January 25, 2027

Read Carefully
For Spring 2027 registration instructions, follow the information below. See specific registration requirements under your appropriate program listed.

Important Details

- Registration appointments are assigned by class level priority two weeks prior to the first day of registration. You can log into MySacState to look up your registration appointment. Registration information:
  - Continuing Students registration will most likely begin November 19th
- Post-Bachelors (graduate-level) credential students will be allowed to enroll up to 28 units.
- If you experience registration errors and are unable to enroll in a course(s) please contact the Teaching Credentials staff (contact info listed below). *It is important that all HOLDS are cleared so that staff can add you without delays.*
- Remember to check your emails daily over the break for important announcements from the Teaching Credentials department AND to visit the Current Student on the Teaching Credentials website for the most up-to-date information.
- **For candidates going into their final semester who have not met Subject Matter Competency:** You may NOT continue to your final student teaching placement without submitting verification of passing scores to meet subject matter competency. As a result, you may have a HOLD on your account which will prevent you from registering for classes. Please notify the department (coe-cred@csus.edu) immediately to discuss alternative options.

The credential courses are NOT published in the Schedule of Classes in MySacState. You will NOT be able to search for the credential courses; you MUST follow the links below to obtain specific registration information.

If you are having trouble registering for any courses, please email at llugea@csus.edu with the **Subject Line: *Registration Issue***. Your email **MUST** include your **Name, Student ID#, Course(s)/Section & 5-digit class number(s)** of the course(s) you are trying to add.

Questions:
If you are a Single Subject, Multiple Subject or PK3 candidate that has stepped out of the program and are returning to complete your credential or have a specialized plan, please contact the Admin Analyst, Linda Lugea (llugea@csus.edu) for registration information.

In you are in a Special Education program and have an individualized program plan, please contact your appropriate coordinator: Dr. Kovina Miller for Deaf and Hard of Hearing (DHH); Dr. Cindy Collado for Early Childhood Special Education (ECSE); Dr. Mei Shen for Mild to Moderate Needs (MMSN) and Dr. Kathy Gee for Extensive Support Needs (ESN).
