Appendix D

Inspection Checklist

These checklists are provided as a guide for IIPP Coordinators and their assistants to select pertinent checklists, modify them to their location, and to be used for periodic inspections of their areas. There is no order to this list.

Table of Content

1. Abrasive Wheel Equipment Grinders
2. Compressed Air Receivers
3. Compressed Gas and Cylinders
4. Compressors and Compressed Air
5. Confined Space Entry
6. Control of Harmful Substances by Ventilation (Exhaust Systems)
7. Crane Checklist
8. Electrical
9. Elevated Surfaces
10. Emergency Action Plan
11. Entering Confined Spaces
12. Environmental Controls (Industrial Setting, Work Shops)
13. Ergonomics
14. Exit Doors
15. Exiting or Egress
16. Fall Protection
17. Fire Protection
18. Flammable and Combustible Materials
19. Floor and Wall Openings
20. Fueling
21. General Work Environment
22. Hand Tools and Equipment
23. Hazard Communication
24. Hazardous Chemical Exposures
25. Hoist and Auxiliary Equipment
26. Identification of Piping Systems (Pipe Labeling)
27. Industrial Trucks - Forklifts
28. Infection Control
29. Laboratory Self-Inspection Checklist
30. Lock-Out/Tag-Out Procedures
31. Machine Guarding
32. Material Handling (Shipping and Receiving)
33. Noise
34. Personal Protective Equipment & Clothing
35. Portable (Power Operated) Tools and Equipment
36. Portable Ladders
37. Powder Actuated Tools
38. Sanitizing Equipment and Clothing
39. Spraying Operations
40. Stairs and Stairways
41. Tire Inflation Service Center
42. Transporting Employees/Passengers and Materials by Vehicles
43. Ventilation for Indoor Air Quality
44. Walkways
45. Welding, Cutting and Brazing
