Notice Preparation of Environmental Impact Report  
Campus Master Plan 2015  
California State University, Sacramento

The California State University, Sacramento will prepare an Environmental Impact Report (EIR) for the Campus Master Plan 2015 project. The Campus Master Plan provides guidelines for the future physical development of the CSU Sacramento campus. The guidelines, together with illustrations and concepts presented in the Master Plan, provide an integrated framework for the overall campus vision with respect to the University’s academic facilities, student and faculty and staff housing; student support services; campus’ open spaces and landscaping; pedestrian, bicycle, and transit circulation; connectivity; design; sustainability, and other elements comprising the Master Plan.

The California State University, Sacramento completed an Initial Study for the proposed project which indicates that the project may potentially have significant environmental impacts which will be addressed in the EIR being prepared by University. The 30-day public review period for the Initial Study begins on October 9, 2014 and ends on November 7, 2014.

The Initial Study and Campus Master Plan documents are available for public review during the public review period at the University’s website at www.csus.edu/aba/facilities, and at the Facilities Management Building and University Library at the CSU Sacramento campus.

If you would like to comment, please send your written comments so that they are received no later than November 7, 2014 to: Victor Takahashi, Director, Facilities Planning and Construction Services, 6000 J Street, Sacramento, CA 95819-6002; fax (916) 278-5229; email: takahashiv@csus.edu.
