The Sacramento State Police Department is currently investigating the theft of flush valves from the various restroom facilities on campus.

The men's restrooms in Kadema Hall, Mariposa Hall, Mendocino Hall and River Front Center have recently been the target for thefts of the flush valves from the toilets. In all the thefts, the water has been turned off, and the valves unbolted from the toilet fixtures. A total of 9 flush valves have been taken from these five buildings.

The flush valves are made of brass, and likely being taken for the purposes of recycling the valves for cash. A photograph of the valves is included below.

The campus community is encouraged to contact the department with any information regarding these thefts, or if any suspicious activity is observed by calling the Sacramento State Police Department Dispatch Center at (916) 278-6851. Callers may remain anonymous.
