Enforcement Authority/Other Police Agencies

The University and the Department of Public Safety/Police encourage the prompt reporting of any incident that compromises the safety, health or rights of Sacramento State community members. The Department of Public Safety/Police is the primary respondent for campus emergencies and reports of criminal activity on campus. Officers are fully certified by the State of California with full arrest powers and cooperate with State and local police agencies (Sacramento City Police and Sacramento County Sheriff's Departments), resulting in the University's awareness of criminal activity perpetrated beyond the campus. Reports of criminal activity will be fully investigated, and appropriate referrals made to the courts, the University, or both. Community members are encouraged to report crime concerns to Sacramento State Police as well as Student Affairs personnel, counselors, and administrators.

The Sacramento Police Department and the Sacramento County Sheriff's Department are the primary responding law enforcement agencies to off-campus properties, fraternities, sororities, and other student organizations located within the city or county of Sacramento. The Sacramento State Police Department is notified of occurrences reported at these locations. The Sacramento State Police Department may respond to crimes in progress at these locations, depending upon the nature of the crime and the proximity to campus. Crime reports and statistics generated at these locations are maintained by the appropriate agencies and are contained in this report. The Department of Public Safety updated the Memorandum of Understanding (MOU) with the Sacramento Police Department in 2007.

Reporting Crimes or Other Emergencies

Community members observing criminal activities and other emergencies occurring on campus should contact the Sacramento State Police Department immediately by dialing 9-1-1 on any campus telephone (except pay phones), utilizing emergency phones (blue light), contacting a police officer on patrol, or in person at the Sacramento State Police Department public counter. The Sacramento State Police Department can also be reached by cellular telephone, for on-campus emergencies, at 278-6851.

The department will take the following actions as necessary:

- Dispatch a police officer(s) and/or Sacramento Fire Department/medical assistance to the scene of the incident
- Investigate or assist allied agencies with the situation
- Take appropriate actions to identify, apprehend, and prosecute responsible person(s)
- Notify or request assistance from other law enforcement agencies and/or other allied agencies as appropriate
- Document occurrence or take appropriate action and/or notify appropriate agency/departments

Citizens should immediately report incidents that they feel might be a threat to life or property.

Crimes reported will be listed in the appropriate categories in the Clery Compliance Report.

All reported crimes will be taken seriously even if anonymous or taken confidentially.

Crimes occurring off campus should be immediately reported to the appropriate law enforcement agency (Sacramento State Police, 278-6851; Sacramento City Police, 264-5471; California Highway Patrol, 861-1300; Sacramento County Sheriff's Department, 874-5115).

Security and Access to Campus Facilities

Campus Buildings and Grounds: Buildings on the Sacramento State campus remain open only through the completion of the last scheduled event. A daily schedule is provided to Facilities Services and buildings are locked on the basis of that schedule. Only employees with offices in or maintenance responsibilities for those buildings have access after buildings are locked.

Facilities Services maintains the University buildings and grounds with concern for security and safety. Campus facilities and grounds are inspected on a regular basis to ensure that broken windows, locks, and repairs are made in an expeditious manner. The Department of Public Safety/Police also receives information from the campus community regarding damaged roadways, overgrowth of shrubbery, and other areas in need of repair. This information is forwarded to Facilities Services in a timely manner. Facilities Services and the Department of Public Safety have created a Winter Break Crime Prevention Program. This program was created to reduce the number of property thefts and burglaries that occur during the break when there is reduced activity.

Lighting surveys were conducted and improvements were made in various locations on campus. Additional emergency telephones and lighting were added to Parking Structure I. In 2007, the university added Parking Structure III (and Blue Light Phones) to increase parking inventories. Anyone aware of a hazardous situation in any building or on the campus grounds can notify Facilities Services (278-6242) or the Department of Public Safety/Police so repairs can be made promptly. Each semester all emergency telephones are checked by the Sacramento State Police Department and Telecommunications. The Sacramento State Police Department conducts monthly lighting surveys and forwards that information to Facilities Services.

Residence Halls: Sacramento State Residence Halls policy requires that exterior doors be locked at all times. All residents are issued a key card for personal access. A resident must accompany all guests. Additional information is contained in the Guide to Residential Living available through the Office of Residential Life in Sierra Hall. Community Service Officers are used to augment police patrols in the area.

University Policies and Procedures

Violence in the Workplace (PM/FSA96-04): It is the University's desire to maintain a safe environment for the campus community to conduct its business and fulfill its mission. In view of the increase of violent incidents in workplaces across the nation, the following policies and procedures of Sacramento State, regarding potential threats to the campus community is clarified.

For the purposes of this policy, violence and threats of violence include but are not limited to:

- Any act which is physically assaultive
- Any substantial threat to harm or to endanger the safety of others
- Behaviors or actions interpreted by a reasonable person as carrying the potential for violence and/or acts of aggression
- Any substantial threat to destroy property
- Possession on campus of any weapon or dangerous instrument (e.g. any type of firearms, certain knives, brass knuckles, etc.) as defined in the California Penal Code, Title 5 of the California Administrative Code or University Policy.

A climate of fear or intimidation will not be tolerated at Sacramento State. Threatening behaviors, acts of aggression and violence will result in appropriate action by the University, up to and including dismissal.

Reporting Sexual Assaults: All members of the campus community should be aware that sexual assaults, including date or acquaintance rape, are prohibited by state laws, and university protocols, and will be viewed by Sacramento State, as a serious matter.

The University has developed a Sexual Assault Response Network Team to offer services and support for victims of sexual assaults. The University has also adopted and implemented a “Sexual Misconduct Policy and Procedures” document for students (PM SA 06-04). The department of Public Safety/Police has adopted the operational guidelines and is a member of the Sacramento and Yolo County Sexual Assault Response Teams.

As soon as possible, the victim of a sexual assault should report the incident to the Department of Public Safety/Police, the local police (if off-campus), appropriate university staff, or through Rape Prevention personnel. Sacramento State will assist reporting to outside agencies as appropriate.

The victim should make every attempt to preserve any physical evidence of the assault. This may include a voluntary medical exam, not showering, or disposing of any damaged clothing, or other items that are present after/during the assault.

The Sacramento State Police Department, with the victim’s consent, will immediately conduct a criminal investigation of on-campus sexual assaults. Completed investigations will be forwarded to the District Attorney’s Office for review and possible prosecution. Disciplinary actions may be imposed on recognized individual students, student organizations, and/or university faculty and staff found guilty of a sexual assault. Students may be placed on probation, suspended, or expelled, for committing violent or criminal acts on campus or at campus-related events.

In the case of alleged sexual assault, the accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding; and both shall be informed of the outcome of any campus disciplinary proceedings brought alleging a sexual assault. The university will assist the victim in changing academic and living situations if so required and if such changes are reasonably available.

Police officers are trained in threat assessment and counselors encourage their clients to report crimes to the Sacramento State Police Department to prevent the potential for future crimes. Crime information can be forwarded anonymously at the request of the client to the Sacramento State Police Department. Counselors do not disclose information to the police department without the consent of the client unless there is an immediate threat to safety.

University's Alcohol and Drug Policy: In compliance with the Drug Free Schools and Campuses Regulations (34CFR, Part 86) of the Drug Free Schools and Communications Act (DFSCA), and the Higher Education Act (Section 120A), Sacramento State recognizes that the abuse of alcohol and other drugs is a threat to the mission of this institution and to the members of this University community.

On-campus use of alcohol is limited to certain approved events and locations covered by the guidelines of Sacramento State, and Residence Halls, official policy on alcohol and other drugs.

There is a zero tolerance for underage drinking on campus. Violations of underage drinking laws will be addressed through Alcoholic Beverage Control (ABC) sanctions and/or the campus disciplinary process.

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance on the campus is absolutely prohibited and subject to vigorous enforcement of all applicable statutes. Violators are subject to university discipline, criminal prosecution and removal from University housing. A complete description of these regulations is contained in the University President's Memorandum 02-08 titled Alcohol Beverage and Drug Policy. This policy can be located in the University Policy Manual on the Sacramento State homepage website.

The University recognizes alcohol/drug dependency as an illness and a major health problem. Excessive use of alcohol and other drugs is a serious health problem in itself, but alcohol and drug abuse can also contribute to a host of other physical and mental health problems such as complications in pregnancy, violent behavior, HIV infection and other sexually transmitted diseases, psychological depression, hallucinations, and death. University committees, information, assessment, and referral services for alcohol or drug-related problems are available on campus. Programs include Sacramento State Alcohol Advisory Counsel, Residential Life Substance Abuse and Alcohol Awareness Committee, Alcohol, Tobacco and Drug(s) Health Educator (located in the Health Center for one-on-one assessment with students), Awareness Recognition Training, Tailgate Patrol at football games, and a University sponsored Natural High Fair. Services for students are available at the Student Counseling Center. Services for employees are available through the University's Employee Assistance Program.

Student Discipline: Students may be placed on probation, suspended, or expelled, for committing violent or criminal acts on campus or at campus-related events. In compliance with federal and state laws and regulations, victims of violent crimes, including sexual assaults, will be informed whenever information regarding disciplinary action taken by the University is included in a student file. Within three (3) working days, victims will be informed of the results of the disciplinary action and may appeal. The victim is required to keep the results of the disciplinary action and appeal confidential. The University has established the Student Conduct Advisory Group to address student concerns and issues. For further information, contact the Student Conduct Officer in Student Affairs at 278-6060.

Hate Crimes and Hate Incidents: “Hate violence” is defined as any act of physical intimidation or physical harassment, physical force, or physical violence, or the threat of physical force or violence, that is directed against any person or group of persons because of the ethnicity, race, national origin, religion, sex, sexual orientation, disability, or political/religious beliefs of that person or group. The University and the Department of Public Safety/Police will not tolerate hate violence and is dedicated to ensuring all persons are protected regardless of their race, national origin, religion, sex, sexual orientation, age, or disability or political/religious beliefs. In furtherance of this mission, all ‘hate’ crimes and incidents will be thoroughly documented, investigated, and prosecuted.

Crime Prevention and Security Programs

The committee will review items regarding disaster and emergency preparedness.

Public Safety Escort: After Night Shuttle hours (approximately 11:00 p.m.), campus community members can request an escort to their vehicle by contacting Public Safety/Police Dispatch at 278-6851. Transportation will be provided based on the availability of police officers. When officers are not available, persons with cell phones have the option to contact dispatch and establish communications while they walk to their vehicle.

Emergency Phones: Emergency telephones are located throughout the campus primarily within building hallways, the parking structures, and in parking lots. The Department of Public Safety/Police can be accessed by pushing a button or dialing 9-1-1 depending on the telephone being utilized.

Crime Alert Bulletins: The University has established a policy (Presidential Memorandum 04-05) dealing with threats to the campus community and guidelines for providing timely warnings. Timely warnings will be distributed to the campus community using various mediums of communication. The type of event or situation will be reviewed by the Departments of Public Safety/Police and Public Affairs to determine the most effective method to distribute the timely warning information. Where there is a possible public safety related "threat" to faculty, staff, and students on campus, the Department of Public Safety/Police and Public Affairs will make reasonable efforts to notify the students, faculty, and staff. For a list of Crime Alert bulletins, please visit www.csus.edu/police/alert.htm.

Graduation Rates

Institutions of higher education are required to disclose information to prospective and current students about the institution's graduation rates for first time freshmen. The Sacramento State campus draws first-time freshmen from the top one-third of California's high school graduates. Since 1960, the CSU has awarded more than 1.2 million baccalaureate degrees in hundreds of program areas. More than any other institution in California, the CSU has maintained access for students and academic life with working family obligations. The rate of graduation will vary depending upon the needs of the individual student to balance work, school and family priorities. Additional information regarding graduation rates of first-time freshmen is available in the Registrar's Office.

The six-year graduation rates at Sacramento State, for regularly admitted first-time freshmen (2000-2006) who attempted a minimum of 12 units during their first semester are 42%. During the 2005-2006 academic year, 4,953 Bachelor's Degrees and 1,114 Master's Degrees were awarded. During the 2006-2007 academic year, 4953 Bachelor's Degrees and 824 Master's Degrees were awarded.
