PRESENT:
Iwasa, Mark (Ex-Officio - Public Safety)
Khan, Ghazan (Guest – Faculty)
Mackey, Kevin (Member – Staff)
Maurer, Jeff (Member – Staff)
McComb, Todd (Ex-Officio - Facilities Services)
Neri, Josh (TAC Scribe, UTAPS)
Orozco, Freddy (Ex-Officio - UTAPS)
Paganelis, George (member – Faculty)
Rose, Robert (Member - Student)
Shafizadeh, Kevan (Ex-Officio - Transportation Faculty)
Stone, Abbi (Associate VP, Business & Administrative Services)

ABSENT:
Deglow, John (Member - Community)
Lucas, Tony (Senior Director - UTAPS)
Pyne, Thomas (Member - Faculty)
Salas, Andrea (Member – Student)

Approval of 3/14/14 Minutes: (Mackey)
Chief Iwasa motioned to approve the minutes with an addition to submit traffic concerns about the Ramona Avenue extension to the Campus Master Plan Committee. Jeff Maurer seconded and the minutes were approved.

UTAPS Report: (Orozco)
Freddy Orozco reported that he got contacted by a student, who wishes to remain anonymous, to complain about the traffic light at westbound College Town Drive and northbound State University Drive. The student’s complaint is that the light does not allow for enough vehicles to make it through the green light before it turns red again. Todd McComb will look into who controls and maintains this traffic light.

Kevin Mackey reported on behalf of Tony Lucas that the Bicycle Task Force expects to begin signage and storage projects this summer, as provided to the campus master planners. Abbi Stone mentioned that the Bicycle Task Force plan will be presented to the Faculty Senate and Associated Students later this month.

Todd explained the vehicle accident in Parking Structure 1 earlier in the week and why the structure had to be closed to all vehicle traffic in the student section. The structural engineer assigned to the accident is expected to present a structural repair report within the week. About 40 parking spaces will be required to stay cordoned off at the accident location and the floor below the location.
Update on Campus Construction Projects:  (McComb)
Todd reported that the campus road name signage project is complete.

Starbucks in the Riverfront Center is expected to open in June.

The parking lot identification phase of the Way Finding Project is complete. All signs are installed.

Discussion has taken place for a new parking structure on the Lot 1 footprint.

El Dorado Hall is still scheduled for demolition. No date available yet.

Facilities Services is getting an estimate on the proposed State University Drive crosswalk from the greenhouses to the levee.

New student housing is being planned for in Lot 2.

Other Business:  (Mackey)
Kevin Mackey mentioned that car and bus loading/unloading zones continue to be an issue on campus. Todd McComb intends to have a conversation with Victor Takahashi and a Campus Master Plan committee member about ideas to implement official campus vehicle loading zones.

George Paganelis expressed concern that there is no stop sign coming out of the residence hall parking lot at the exit nearest the Transit Center. Freddy will submit a work order to install a stop sign and repaint the STOP paint on the ground.

A discussion on skateboard usage around pedestrians was brought up by George Paganelis. No action points were brought up on this matter.

Ghazan Khan’s class conducted a Hornet Shuttle rider survey. The results will be emailed to Gavril Sarcadi, Shuttle Coordinator.

Chief Iwasa announced that the City of Sacramento still does not have a recommendation for the right-hand turn from west-bound College Town Drive to north-bound State University Drive.

Upcoming Meeting Dates:  (Mackey)
May 16, 2014 at 11:15am

Adjournment:  (Mackey)
1:15pm
