

How to Register Your License Plate

Starting this semester, we are collecting license plate information when you purchase your Parking Permit. You may enter up to 2 plates so that you may still move your permit between vehicles. Take a minute now to go take a picture of your license plate so you have your information ready to go when you purchase your permit!

See below for instructions on how to register your license plate.

- Go to sacstate.t2hosted.com
- Click on the Login button and log in with your Sac State ID and password.

From there, follow these steps:

Step 1: Click 'Permits'

Step 2: Click 'View Your Permits'

Step 3: Click the permit number of your active permit

Step 4: Click 'Add Vehicles to Permit'
