This course replaces experimental course Subject Area (prefix) and Catalog Number (course number):	
This Catalog Number (course number) is being replaced:	

Change from:

Subject Area (prefix) & Catalog No. (course no.): NURS 111A	Title: Transitional Concepts for Professional Nursing	Units: 3
---	--	-----------------

Change to:

Subject Area (prefix) & Catalog No. (course no.):	Title:	Units:
---	--------	--------

JUSTIFICATION:

The current RN to BSN program is integrated into the generic BS program. The courses are offered during the day when many of the returning RNs are working. In addition, the courses are such that a nurse must take off at least two days during the regular work week, thus limiting the number of RNs that can obtain the bachelor's degree while working. More importantly, the current coursework are not tailored to address the learning needs of the experienced RNs (with the exceptions of N111A & N111B).

The Division of Nursing was awarded a contract with the Sacramento Employment Training Agency (SETA) to provide financial assistance to 50 RNs in two cohorts. Funding was also awarded to create a program that addresses the specific learning needs of the returning RNS. The goals of the new RN to BSN program are to revise the current program to be completed in one year and to increase accessibility by offering the courses in the evening and via videostreaming for the working RNs

The existing courses for the undergraduate generic nursing program will not change. The intent is for the RN to BSN program to be a separate program within the Division of Nursing. Therefore, a numbering change is requested for N111A/N111B to N171 with no unit changes. In this case, N111A and N111B will no longer exist as they are not included in the undergraduate generic nursing program.
