Additional information is requested for each of the above as noted in the corresponding procedure in the Policies and Procedures for Initiation, Modification, Review and Approval of Courses and Academic Programs found at http://www.csus.edu/acaf/univmanual/index.htm	

Briefly describe the program proposal (new or change) and provide a justification.

Requested Change: Add *OPM 196* as elective courses in section "(3) *Select one of the following:*" and add *OPM 194* as an alternative to the required course, *OPM 195*. Before the College of Business reorganized, operations management students were housed in the Department of Management and enrolled in *MGMT 196* for an experimental offering in the operations management area, or in *MGMT 194* for cooperative education experience. *MGMT 196* and *MGMT 194* served as "catch-all" courses for experimental (new) courses and cooperative education courses for Finance, International Business, Strategic Management, Insurance, Operations Management and Marketing. After the reorganization, course designations were changed to reflect concentration, and not department. Therefore, these courses need to be added for students who are concentrating in operations management.

PROPOSED (Program Section)
