<b>Briefly describe the program proposal (new or change) and provide a justification.</b>	
<p><b>Change:</b> Remove ME 194 (formerly ENGR 194) Career Development in Engineering and Engineering Technology from the MET curriculum.</p> <p><b>Justification:</b> ME 194 is not a technical course. It doesn't need to be a required course in the MET curriculum. It should not be used as technical nor technical/business electives. Note: ME 194 is recommended as an optional course for students who are interested in knowing about career opportunities and obtaining skills for effective job searches.</p>
