The candidates' Teaching Event will be assessed using a state-approved rubric with 11 different categories for evaluation. For whom is this course being developed?

Majors in the Dept ___ Majors of other Depts ___ Minors in the Dept ___ General Education ___ Other X___

Is this course required in a degree program (major, minor, graduate degree, certificate)? Yes X No ___

If yes, identify program(s): Bilingual Multicultural Education Department: Multiple Subjects Credential Program

Does the proposed change or addition cause a significant increase in the use of College or University resources (lab room, computer facilities, faculty, etc.)? Yes X No ___

If yes, attach a description of resources needed and verify that resources are available.

Appropriate assessment and processing of the Teaching Events will require additional resources. Initial one-time costs include: (a) approximately \$9,000 for camera kits (needed for candidates to complete required videotaping of lesson sequence) and (b) \$1600 for multi-document scanners (also required to integrate student work into Teaching Event documentation). Recurring costs include: significant instructional faculty time (approximately 25 WTUs per semester for all teacher preparation programs in the College —subject to changes in credential program enrolments), IT staff time, and clerical staff time as well as maintenance and replacement costs for the hardware identified previously. Though these costs are considerable, the Dean's Office has been working with affected departments to develop strategies to address the increased need for financial and personnel resources generated by this legislative mandate.
