Briefly describe the program proposal (new or change) and provide a justification.

Our department created a new research methods course (CHDV 123), effective Fall 2008, which was originally conceptualized as an alternative to the CHDV 133 in the Child Development minor, as well as a pre- or co-requisite to the core upper-division CHDV classes. However, the course now has been removed as a pre- or co-requisite for CHDV 137 and 138, and therefore we are removing CHDV 123 as an option for the minor. However, it will remain on the approved electives list.
