Academic Affairs - Course Proposal

Academic Unit: EDLP

Department Chair: Dr. Edmund Lee

Type of Course Proposal: New X Change Deletion

Date: September 18, 2006

Does this course fulfill a requirement for single-subject or multiple subject credential students? Yes No X

For Catalog Copy: Yes X No

CCE: Yes No X

Semester Effective: Fall X Spring 2007

Prefix & No. EDD 604 Title: Data-based Decision Making in Educational Leadership Units: 3

JUSTIFICATION:

More and more data is being mandated by national and/or state policy regarding the learning outcomes of schools and colleges. Educational leaders must become more skillful in the collection and use of data to make decisions regarding instructional programs and services more effective and successful.

NEW COURSE DESCRIPTION: (Not to exceed 80 words, and language should conform to catalog copy.

See http://www.csus.edu/aca之举/manual/crspl.htm - Guidelines for Catalog Course Description

This course studies the use of quantitative and qualitative data by K-12 and community college leaders to improve student and organizational outcomes. Students will develop enhanced data literacy and analytical skills to facilitate data-based decision making in the identification of problems and development of solutions and evaluation plans. General concepts and techniques of data analysis, generation, and presentation will be learned with specific application to educational issues including program assessment and evaluation, resource planning and allocation, and strategic planning.

Note:

Prerequisite: Admission into the CSUS Ed. D. in Educational Leadership Program

Corequisite:

CAN (California Articulation Number):

Graded: Letter X Credit/No Credit Instructor Approval? Yes X No

Course Classification: C-05 Title for SIS+ (not more than 25 characters)

Data-based Decision

Cross Listed? Yes No X

If yes, with what course:

How Many Times Can This Course be Taken for Credit? Once
FOR NEW COURSE PROPOSALS OR SUBSTANTIVE CHANGES ONLY:

Description of the Expected Learning Outcomes: Describe outcomes using the following format: "Students will be able to: 1), 2), etc." See the example at http://www.csus.edu/acaf/example.htm

Students will be able to:
1. Demonstrate understanding of current local, state, and federal accountability systems
2. Identify data needed to approach particular educational problems and decisions
3. Explain role of technology in the collection and application of data for data-based decision making
4. Interpret assessment and achievement data with specific focus on disaggregated data reports
5. Critically analyze data to identify trends, problems, implications, and validity of data
6. Use data to plan and justify allocation of resources
7. Use data to plan and justify instructional program design
8. Communicate data effectively both in written and oral presentations
9. Explain relationship between data-based decision making and policy development
10. Prepare an accountability report specific to K-12 or community college setting

**Attach a list of the required/recommended course readings and activities [Note: it is understood that these are updated and modified as needed by the instructor(s).] This attachment should be forwarded only to your Dean's office, not Academic Affairs.

Assessment Strategies: A description of the assessment strategies (e.g., portfolios, examinations, performances, pre- and post-tests, conferences with students, student papers) which will be used by the instructor to determine the extent to which students have achieved the learning outcomes noted above:

1. Class attendance and active participation (10%)
2. Group analysis of national and state accountability and achievement data (15%)
3. Written group report critically analyzing a district or college strategic plan (15%)
4. Group presentation critically analyzing a district or college assessment plan (15%)
5. Written critique of data-based decision making practices used in education (15%)
6. Written data-based evaluation of an educational program including recommendations for program or resource allocation changes (20%)
7. In class presentation of data-based evaluation (10%)

For whom is this course being developed?

Students in the CSUS Ed. D. in Educational Leadership Program

Major in the Dept. ______ Majors of other Depts ______ Minors in the Dept ______ General Education ______ Other ______

Is this course required in a degree program (major, minor, graduate degree, certificate)? Yes ______ No ______

If yes, identify program(s): Students in the CSUS Ed. D. in Educational Leadership Program

Does the proposed change or addition cause a significant increase in the use of College or University resources (lab room, computer facilities, faculty, etc.)? Yes ______ No ______

If yes, attach a description of resources needed and verify that resources are available.

Indicate which department or programs will be affected by the proposed course (if any): __________________________

The Department Chair's signature below indicates that affected programs have been sent a copy of this proposal form.
Approvals: If proposed change, new course or deletion is approved, sign and date below. If not approved, forward without signing to the next reviewing authority, and attach an explanatory memorandum to the original copy.
