**JUSTIFICATION:**

Responding to the concerns and needs of students who have participated in the CSUS 3 semester Single Subject credential program since implementation of our new program aligned with SB 2942, the 371 Schools and Community course 371D will add an official field component to increase its focus on professional and ethical behavior required of teachers and assimilation into the school community.

**NEW COURSE DESCRIPTION:** (Not to exceed 80 words, and language should conform to catalog copy. See http://www.csus.edu/acaf/univmanual/crspsl.htm - Guidelines for Catalog Course Description)

Second of 3-part sequence in EDTE’s 3 semester pathway provides structured opportunities for student teachers to discuss, analyze, reflect upon data gathered from field placements. Continued emphasis on issues related to English language development, special needs students, cycle of teaching, school law pertaining to students, professional and ethical behaviors required of teachers. Attention to management strategies and activities that contribute to classrooms/schools. Students will develop equitable, positive management plans and reflect on their effectiveness during their field experiences. (3 units)

Description of the Expected Learning Outcomes: Describe outcomes using the following format: “Students will be able to: 1), 2), etc.” See the example at http://www.csus.edu/acfs/eval/example.htm

By the end of the course, the students will be able to:
1) Apply concepts and strategies that contribute to respectful and productive teacher relationships with families and local communities with emphasis on the effects of family involvement on teaching, learning, academic achievement, and effective communication with all families (Standard 10 and 13)
2) Demonstrate the ability to gather, evaluate, and contextual qualitative and quantitative and qualitative data, including data about students’ linguistic backgrounds, as a means for understanding and enhancing each learner’s academic, social, and physical context (Standards 5, 12, 13)
3) Use assessment data collected during the cycle of teaching as a foundation for improving their teaching and their students’ learning (Standards 6, 15, 16, 17, 18)
4) Provide evidence of applying systematic instructional strategies designed to make grade-appropriate or advanced curriculum content comprehensible to English learners (Standard 13)
5) Examine the student-teacher’s assessment of student work and for the purpose of looping back to planning in light of these examinations (Standards 11, 13, 14)
6) Develop and examine the effectiveness of an equitable and positive management system in order to maintain clear expectations for academic and social behavior utilizing a knowledge of the California Education Code covering students’ rights and responsibilities (Standards 5, 10)
7) Consider the content to be taught and select appropriate technological resources to support, manage, and enhance student learning in relation to prior experiences and level of academic accomplishment. (Standard 9)
8) Analyze best practices and research findings on the use of technology and design lessons accordingly. (Standard 9)
9) Discuss the importance of professional and ethical behavior in their field placements and identify their own behavior in these areas. (Standard 12)
10) Recognize when to use conflict resolution strategies they have learned through individual discussions with the instructor pertaining to professional, legal, and ethical issues that arise from conflicts related to their mentor teachers, site faculty, administration, students and/or parents. (Standard 12)
