**Briefly describe the program proposal (new or change) and provide a justification.**

1. Change the name of Art 144 "Raster and Vector Imaging" to Art 144 "Digital Printmaking". The current course title does not give students a clear idea of the course content. The course combines digital and traditional printmaking techniques, but the title refers only to the computer processes, and not to the printmaking processes. The new name more accurately describes the course.

2. Modify the catalog description to more accurately describe the course content.
