Briefly describe the program proposal (new or change) and provide a justification.

Due to requirements mandated by the California Commission of Teacher Credentialing for the Blended Physical Education Option the Department of Kinesiology and Health Science is proposing the following programmatic change:

1. Removal of EDTE 116, Psychology of Instruction (3)

2. Creation of KINS 381, Methods of Teaching Secondary Physical Education (3). KINS 381 will infuse elements of EDTE 116 but from the unique perspective of teaching secondary physical education.

3. Revision of current KINS 380 to focus solely on methods of elementary physical education. KINS 380 will also address elements from EDTE 116 but from the perspective of teaching elementary physical education. New title: Methods of Teaching Elementary Physical Education (3)
