Program Proposal
Form B

Academic Group (College): ECS
Date of Submission to College Dean: February 8, 2011

Academic Organization (Department):
Computer Science
Requested Effective: Fall_ X_, Spring__, 20_11__.

Department Chair: Cui Zhang
Contact if not Department Chair:

Title of the Program (Please be specific; indicate minor, undergraduate or graduate degree, etc.):
Computer Science Graduate Certificate in Computer Engineering

Type of Program Proposal:

____X____ Modification in Existing Program:
_____________ Substantive Change
_____________ Non-Substantive Change
_____________ Deletion of Existing Program

______ New Programs
_____________ Initiation (Projection) of New Program on to Master Plan
_____________ New Degree Programs
_____________ Regular Process
_____________ Fast Track Process
_____________ Pilot Process
_____________ New Minor, Concentration, Option, Specialization, Emphasis
_____________ New Certificate Program

PLEASE NOTE: Form B is to be used only as a Cover Form. Additional information is requested for each of the above as noted in the corresponding procedure in the Policies and Procedures for Initiation, Modification, Review and Approval of Courses and Academic Programs found at http://www.csus.edu/umana/acad.htm

Briefly describe the program proposal (new or change) and provide a justification.

Proposal: to revise the existing certificate in Computer Engineering. This is a substantive revision including changing the required courses to reflect currency and reduction of 3 units.

Justification: Revising the course requirements to reflect currency and relevance to Computer Engineering. Also, reducing the number of units required to 9 for consistency with other 9-unit CSC certificates.

Approvals:

Department Chair: ____________________ Date: 2/18/2011

College Dean: ____________________ Date: 2/18/11

University Committee: ____________________ Date: ______

Associate Vice President and Dean for Academic Affairs: ____________________ Date: ______
ANALYSIS OF PROGRAM CHANGE PROPOSAL
FOR THE COMPUTER SCIENCE GRADUATE CERTIFICATE
IN COMPUTER ENGINEERING
February 8, 2011

1. Form B: Attached.

2. Programmatic or Fiscal Impact on Other Academic Units’ Programs.
   
   N/A

3. Fiscal Analysis of Proposed Changes.
   
   a. How will the proposed changes be accommodated within department/college existing fiscal resources?
      
      No additional resources are needed.

   b. If the proposed changes will require additional resources, describe the level and nature of additional funding the college will seek.
      
      N/A.

   c. What additional space, equipment, operating expenses, library, computer, or media resources, clerical/technical support, or other resources will be needed? Estimate the cost and indicate how these resource needs will be accommodated.
      
      N/A.

4. New/Old Program Requirements

   See the next page.
Proposed Changes:

Reduction of 3 units;
Requiring a course in Operating Systems due to the significance of the area in Computer Engineering;
Removing CSC 142 requirement due to the coverage of advanced computer organization topics in the revised CSC 205, Computer Systems Structure, which is a core course required for all Computer Science graduate students.
