**Briefly describe the program proposal (new or change) and provide a justification.**

Removing both MBA 208 Marketing (2 units) and MBA 209 (units) from the Nursing Administration Role and adding MBA 231 Personal Management (3 units).

An agreement between Nursing and CCE Business was developed and courses from original proposal did not reflect community need and students provided feedback about course content and sequencing. Courses were then revised and changes made to the Business cohort.

MBA 208 and MBA 209 were removed in the sequence and replaced with MBA 231. When the Graduate Program documents were submitted the wrong course sequence was entered. This is a change in course sequence that was a typographical error.
