TO: Mr. Robert Buckley
Chair, Faculty Senate

FROM: Donald R. Gerth

I should like to request the nomination of three faculty members to fill three positions on a small planning group to address the characteristics of academic and student programs in Placer County and other related matters.

The group will include three members of the faculty, a student nominated by the president of the Associated Students, and the vice presidents for Academic Affairs, Administrative Affairs, Student Affairs, and University Affairs or designees. This will be very much a working group.

Let me suggest the skills that are needed for this effort. These include economic development, urban planning, higher education planning, knowledge of the region, and broad knowledge of academic programs on the campus.
