Attachment E
Faculty Senate Meeting
March 15, 2012

TO: The Committee on Equity and Diversity (CODE)
FROM: The Faculty Senate Select Committee
DATE: November 15, 2011
RE: Memo of October 24, 2011

The Select Committee received and reviewed the memo of October 24th and requested that Chair Hecsh provide the following response:

Pursuant to our direction from the Faculty Senate, we are close to completion of the charge to elaborate on the recommended framework for the proposed standing committee charges, composition, and operations.

In our discussion it was agreed that we would forward the CODE memo to the Faculty Senate Executive Committee, along with other correspondence from other committees received in the course of our work this fall.

The Select Committee noted that several aspects of the current CODE charge are complementary with the charge of the Faculty Affairs Policy Committee, while other aspects seem to be more complementary with a focus on student success---outreach, retention, and matriculation. The Select Committee anticipates further discussions along these lines as its recommendations move forward to the Executive Committee and the Senate for further debate and disposition.

Cordially,
