Dear Future Sacramento State Student:

I hope that you will be able to join us on Saturday, March 14, 2015 from 8:30 a.m. to 3:00 p.m. for the Engineering and Computer Science Open House Day at California State University, Sacramento. This annual event will introduce you to the interesting and exciting programs offered in the College of Engineering and Computer Science as well as to future job opportunities.

Attending Open House Day is free, please see the “Open House Registration” tab. We would also like to provide you with the opportunity to take an early math placement test, please refer to our website at: www.ecs.csus.edu/openhouse and click on the “Math Test Registration” tab. To determine which test to enroll in, please refer to the math flyer provided on the same website. If you are enrolled in or completed pre-calculus or calculus, you need to take the Calculus Readiness Test (CR). You need to take the Intermediate Algebra Diagnostic test (IAD) if you are currently taking Algebra II or Pre-Calculus and getting a “C” or lower. When making your math test reservation please make sure to enter the following: First and last name, and which math test you would like to take, CR or IAD.

During the day, you will have an opportunity to:

• Learn more about engineering and computer science
• Explore which fields are best for you
• Talk with the Dean, faculty, and current students
• Tour our laboratory and computer facilities

Did you know that the College of Engineering and Computer Science at Sacramento State:

• Offers hands-on, applied programs in civil, computer, electrical, and mechanical engineering, computer science and construction management?
• Has faculty with degrees from many of the top universities in the United States and the World?
• Hires part-time faculty from industry, who can integrate their work experience into the classroom?
• Provides information on excellent Co-op and internship positions?
• Has an in-house Career Services Office, headed by a very knowledgeable Director with 20 years of experience, to assist our graduates in job placement?
• Has graduated more than 15,000 engineers and computer scientists, many of whom are our region’s leaders?

You will find a program, directions to the campus, a parking map, a parking permit and program flyers on our website at www.ecs.csus.edu/openhouse just click on the “How To Get The Most Out of Open House Day” tab on the Open House page. Please print and bring all information with you the day of the event. The parking permit allows you to park in any Student-designated Space. The Dean’s “Welcome” will begin around 9:00 a.m. in the Ballroom, 1st floor, University Union. We look forward to seeing you on Saturday, March 14th, 2015.

Sincerely,

Lorenzo M. Smith, Dean
College of Engineering and Computer Science
