Retirement celebration for Craig S. Perez ’77
University Advancement and the Office of University Development will host a retirement sendoff for Craig S. Perez ’77 from 4 to 5 p.m. Monday, June 30, at the Alumni Center. Refreshments will be provided.

Craig has been involved with Sacramento State as a student and an employee for nearly 40 years. He was a member of the Sacramento State tennis team, graduated with a degree in physical education and received a credential in health and human services in 1977. He began as a head resident, moving to work with Associated Students Inc. and built what has become the world-class Sacramento State Aquatic Center at Lake Natoma. In 2003, he moved back to campus to work at the Alumni Center before his assignment to the Office of University Development as a director of development.

Please join us in wishing Craig bon voyage as he ventures into retirement. Kindly RSVP to R. Paul Villaluz at 278-2783 or RSVP@csus.edu.

Dean’s Award winners featured in Torchlight
Troy Miller helped install a solar-powered micro grid to provide electricity for a village in Uganda. Maryam Ahmad prepared for her internship at the California State Capitol by honing her diplomatic skills in Sac State’s Model United Nations. And Chinonyerem Kamalu volunteered for the American Foundation for Suicide Prevention while earning her degree in social work. This year’s Dean’s Award recipients made major contributions outside the classroom while achieving outstanding academic records in their respective colleges. Read more about some of Sac State’s top graduates and how private giving is making a difference.

Data Center’s scheduled yearly summer maintenance
IRT plans a shutdown of the Sacramento State data center to perform yearly maintenance on key systems from 6 a.m. to 7 p.m. Saturday, July 26. This outage will affect most campus technology services. There is no good time to shut down systems for maintenance, but we try to pick the lowest-usage times twice a year – once in summer and once during winter break – to do this work. We ask that you keep this in mind when planning any summer activity or class. Affected systems include:
Security tip: Beware of ‘insider-type’ crimes
A study of criminal prosecutions found an average associated financial loss of $3 million per incident for “social engineering” or “insider-type” crimes. Many institutions, including universities, were targets of these types of crimes. Almost 90 percent of the crimes began with attackers logging onto accounts with IDs they obtained inappropriately. While IDs are sometimes illegally obtained by the use of passwords, such as cracking programs, many are obtained “the old-fashioned way” – by collusion with people within the institution who share IDs and passwords, sometimes simply for convenience.

Notice of new CSU systemwide policies and procedures
The California State University is committed to maintaining an inclusive community that values diversity and fosters tolerance and mutual respect. It is CSU policy to provide equal opportunity for all persons regardless of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation and veteran status.

As of June 3, several new CSU Executive Orders went into effect. The new Executive Orders address federal legislation on sex discrimination, sexual harassment and sexual violence. We highly encourage you to read the new Executive Orders at www.csus.edu/sacstatenews/Briefing/documents/CSU%20Systemwide%20Policies%20and%20Procedures.pdf.
