A new University Experts Guide – help us share your expertise

Just in time for the fall semester, we are pleased to announce the relaunch of our University Experts Guide! The guide is used primarily by the media to find instructors and staff with expertise on topics that reporters may be covering that day, and other organizations may also turn to the guide when looking for a guest speaker for a class or gathering. You can visit the new guide online at paweb.csus.edu.

If you would like to be included or make changes to your current entry, please fill out the "Become an Expert or Update Your Information" form at the bottom left of the guide's home page. We will continue to build out the site with photos and videos once we have a firm list – we ask only that if you choose to participate, you are comfortable with being responsive to media requests, which often are made on short notice.

The public announcement of the University Experts Guide will be on Tuesday, Aug. 23, so we would appreciate any updates via the online form no later than Monday, Aug. 22. Questions or comments? Please contact Elisa Smith, director of News and Communications, at 278-4016 or elisa.smith@csus.edu.

One World Initiative theme for 2016-17: 'Global Perspectives on Inheritance'

The One World Initiative invites the campus and local community to "go global" with an ongoing series of curricular and co-curricular activities focused on a significant interdisciplinary concept. The theme for the 2016-17 academic year is "Global Perspectives on Inheritance." The Sacramento State community is invited to incorporate this theme into courses, public events, and student activities.

Inheritance provides a lens on the social, political, and economic forces that shape and transform lives. Inheritance also provides a window into profound questions in science. The humanities, and the visual and performing arts explore the concept of inheritance through myriad inquiries into the human experience and various forms of expression. Additional information is available on the One World Initiative site at csus.edu/oneworld.

Faculty who are interested in serving on the One World Initiative committee can email the chair, Mimi Coughlin, at oneworld@csus.edu.
