MEMORANDUM

DATE: September 22, 2026

TO: Sacramento State Community

FROM: Chet Madison, Jr.
Chief of Police

SUBJECT: AB 481 – Regulated Tools and Equipment Campus

In July 2022, pursuant to Assembly Bill 481, the California State University Board of Trustees approved a system-wide Regulated Tools and Equipment Policy for its twenty-three (23) Police Departments. The Sacramento State Police Department adopted and published this policy under Policy 706.

AB 481 and Policy 706 require us to publish certain information annually on specified regulated equipment. Of the sixteen regulated types of equipment and tools outlined in Assembly Bill 481, the Sacramento State Police Department only maintains kinetic-energy munitions (less-lethal bean bags) and their associated less-lethal shotguns.

To further our efforts toward transparency and communication, during our Police Advisory Committee (PAC), Sacramento State PD will host a community engagement event on October 7th, 2026, at 10:00 a.m., located in the University Union, Pacific Suite Room, Suite 3, at 6000 J Street, Sacramento, CA 95819, to discuss the information contained within this 2026 Annual Regulated Tools and Equipment Report memorandum. The Regulated Tools and Equipment community engagement portion is open to all Sacramento State Community members.

Information regarding the use, policy compliance, funding, and inventory for the period of July 1, 2025 through June 30, 2026 is outlined below.

Summary of how regulated tools and equipment were used, and the purpose of its use:

- Sacramento State Police Department did not have any cases involving the use of the equipment and tools outlined in Assembly Bill 481.

Summary of any complaints or concerns received concerning regulated tools and equipment:

- Sacramento State Police Department did not receive any complaints or concerns regarding the use of the equipment and tools outlined in Assembly Bill 481.

Results of any internal audits, any information about violations of the regulated tools and equipment policy, and any actions taken in response:

- Sacramento State Police Department did not receive any audit findings or information about violations associated with the regulated tools and equipment policy.

Annual cost and source of funds for regulated tools and equipment:

- Sacramento State Police Department expenditures in 2025/2026 to support training and readiness of the kinetic munitions were \$0.00.
- In 2026/2027, expected costs for a Less Lethal Weapons training class for untrained officers will be approximately \$770 (11 officers x \$70 per officer), paid from the UPD general fund.

Current inventory of regulated tools and equipment:

- Sacramento State Police Department currently possesses six (6) less-lethal Remington Model 870, a 12-gauge shotgun, pump action, standard grip, orange stock, and fore-end, and a magazine tube holding four (4) to six (6) rounds of Super-Sock 12-gauge drag-stabilized less-lethal bean bag rounds. The less-lethal shotguns were repurposed from existing inventory, presenting no additional cost to the department.
- Sacramento State Police Department currently has 375 rounds of Super-Sock Bean Bag. Each bean bag round weighs approximately 40 grams. The cartridge material is plastic. The projectile round consists of a flexible sock containing reinforced ballistic fiber shots. The Projectile terminal velocity is 280 fps (average) at 10 yards.

Planned purchases of additional regulated tools and equipment in Less Lethal Weapons in 2026/2027:

- Sacramento State Police Department plans to purchase a replenishing supply of Super-Sock Bean Bag rounds for training in 2026-2027. This equipment cost for training and qualification will be approximately \$ 3,758 (18 officers x 2 qualifications per year x 12 rounds x \$ 8.70 per round) paid from the UPD general fund.
