Recruitment Programs
for Employers

The program's mission is to assist students (graduating seniors and alumni) in interviewing with bona fide organizations from industry, government, and non-profits, offering professional career opportunities requiring a Bachelor's or Master's Degree. This program assists in selecting the most qualified candidates to fill vacant career related positions.

CAREER CONNECTION

Career Connection is a free, online service for employers. Registered employers are able to post jobs, browse student resumes, schedule recruitment events such as career fairs, company presentations (info sessions), table events, on campus interviews, and much more. To register please go to our website: csus.edu/careercenter.

CAREER FAIRS

The Career Fair is held every semester for all students and alumni. Full-time, part-time, internship, cooperative education and volunteer work opportunities are represented. In the spring semester the Educator Expo is hosted by the Career Center. To register, please login to Career Connection and click Career Fairs and Events.

College of Engineering and Computer Science hosts the ECS Career Day every spring. Please go to the ECS Career Services website for more information ecs.csus.edu/career.

ETIQUETTE DINNER

The Etiquette Dinner is held every semester for students to learn the ins and outs of interviewing while dining and discover the importance of small talk and networking. If you would like to participate, please contact Cein Mathisen at 916-278-5621 or cein.mathisen@csus.edu.

ON-CAMPUS RECRUITMENT

The On-campus Recruitment (OCR) team works diligently to maintain the highest level of professionalism to support your recruitment efforts at Sacramento State. Employers who are hiring candidates for bona fide jobs may interview through the On-campus Recruitment Program. A bona fide job requires either a Bachelor's or Master's degree, and does not require the candidate to pay a fee for training, equipment, application procedures or other job-related expenses (this does not apply to federal or state licensing requirements). If you are interested in participating please contact Cein Mathisen at 916-278-5621 or cein.mathisen@csus.edu.

COMPANY PRESENTATIONS

Employers are invited to present on career topics including industry information and opportunities within their company or industry. This meeting allows for a brief presentation to all interested students, followed by a question and answer session. Suggested topics are: Company history, training programs, position descriptions, corporate culture, etc. To set up a date, please login to Career Connection, click Career Fairs and Events, and click Information Session/Tabling Visit.

INTERNSHIPS

Internships are designed to give students the opportunity to work in pre-professional positions while still in school. Companies offering internships are welcome to participate in all of our recruitment programs. Please contact Candace McGee at cmgee@skymail.csus.edu.

SPEED INTERVIEWS

Speed Interviews is a drop-in mock interview clinic where students have the opportunity to practice interviewing with a local employer and receive valuable feedback. If you are interested in participating please contact Candace McGee at 916-278-7207 or cmgee@skymail.csus.edu.

RESUME MAKEOVER

Resume Makeover is a drop-in resume clinic where students can have their resume critiqued by industry professionals and receive tips on building an effective resume. If you are interested in participating, please contact Candace McGee at 916-278-7207 or cmgee@skymail.csus.edu.

TABLE EVENT

Employers may request to setup a table outside of Lassen Hall to present and distribute company information and talk with students about open positions within their company. To set up a date, please login to Career Connection, click Career Fairs and Events, and click Information Session/Tabling Visit.
