

## Sacramento State Crisis Team

Sacramento State uses a “Crisis Team” to discuss and coordinate issues of concern at the university. The team meets monthly (or more frequently if needed.) The team is composed of

- University Counsel
- Director of Public Safety
- Director of (Student) Judicial Affairs
- Associate Vice President for Human Resources
- Representative from Psychological Counseling Services
- Lead Employee Assistance Program Counselor.

As matters discussed may be sensitive, the discussions are confidential; however, in all cases where other university officials need to be notified about an issue, a team member will contact the appropriate campus resource.

Members of the campus community should contact any of the above individuals should she or he have a concern about a student, staff, or faculty member or any other relevant situation.

### **Current Committee Composition (Spring 2010)**
