Catalog Description

HIST 006. Asian Civilizations. An introduction to major developments in the histories and cultures of China, Japan, and India—origins of civilizations, great empires, religions, growth and spread of cultures, alien invasions, Western impact, nationalist movements, modernization, and characteristics of contemporary society. 3 units. GE Area C-2

Course Description

This course seeks to understand the civilizations of East, South, and Southeast Asia spanning the centuries from the beginning of Asian civilization until today. This course must cover thousands of years of history of several major culture areas in a very brief time, because of this we must move through the material rather quickly. We will not be able to delve as deeply into any one subject area as many of us would like. Because of the rapid pace of the course it is important to keep up with the readings and lectures. We will examine patterns of thought and belief, values and world views, institutions and personalities, events and experiences, and forms of

creative expression that contributed to the distinctive civilizations of Asia and conditioned the interactions among Asian regions and with the non-Asian world. This course is based on the belief that an introduction to the history of the civilization requires a consideration of all of these facets of human activity, a general mapping of the terrain so that students may learn enough to consider where to explore further. The first part of this course concentrates on the development of civilization in South Asia, it then examines the development of China's distinctive way of life, there follows several weeks on Korea and Japan. The course ends with a brief examination of Southeast Asia, with particular attention on Vietnam, Cambodia, and Laos.

Learning Objectives

Upon successful completion of History 6 students should be able to:

- Demonstrate knowledge of the conventions and methods of the study of history.
- Investigate, describe, and analyze the roles and effects of human culture and understanding in the development of human societies.
- Compare and analyze various conceptions of humankind, including religious, social, and political concepts.
- Demonstrate knowledge and understanding of the historical development of Asian cultures and civilizations, including their animating ideas and values.
- Distinguish the characteristics between the Asian civilizations of China, Korea, Japan, India, Vietnam, and Cambodia.
- Describe the interactive roles which social, religious, political, economic, scientific and technological forces have played among the civilizations of Asia.
- Discuss Asia's role in the world today.
- Manifest a sense of historical time.
- Analyze cause and effect relationships in history.
- Finally, I hope that this course will aid you in the development of university level methods of historical inquiry, text interpretation, analytical writing, and critical thinking.

PARC Supplemental Class

The Peer and Academic Resource Center offers a 1 unit pass/no pass supplemental course to help students who are taking History 6. The Student Instructor course is offered for classes that have a high fail rate and provides an opportunity for students to improve their grades and learn strategies that will help them in their college career. The SI course meets twice a week for 50 minutes and is based solely around attendance and participation. The course covers the subjects that we go over in History 6 and provides help on book quizzes, current event commentaries, and offers study sessions for the midterm and final exams. Overall it has been found that students who take SI courses receive a full letter grade higher than those who don't. For History 6 the SI course will be offered every Tuesday and Thursday after this class from 10:30 till 11:20 AM.

Current events commentary (CEC)	10 x 10	100 points	14%
Book quizzes	3 x 50	150 points	22%
Map Quiz		30 Points	4%

A = 629-680	B = 561-588	C = 494-519	D = 425-451	
A- = 609-628	B- = 541-560	C- = 473-493	D- = 405-424	
				F = 404 points or less

Current Events Commentary (CEC)

Asia contains over 2/5 of the world's population. India and China each have a population over one billion. The largest Muslim country is in Asia. The second and third largest economies in the world are in Asia. More people speak English in Asia than anywhere else in the world. The world's largest democracy is in Asia. Many of our consumer goods come from Asia. Except for parts of the 19th and 20th centuries, I would argue, Asia was the most advanced region in the world. Yet, it is a part of the world that very few people who live in the United States know much about. Over the course of this semester I hope to introduce you to some of the wonders of Asian history. I would also like you to become more aware of how important Asia is in the world today. Thus, over the course of the semester you are expected to pay attention to news stories about Asia and to comment on them.

Each week, from Tuesday at 10:30 a.m. until 9:00 a.m. the following Tuesday, you can submit one Current Event Commentary (CEC) in SacCT. **You can submit only one commentary per week.** If you submit more than one, only one submission will be graded. You may, however, go back and amend a submission (for example add the citation if you left it off, or correct spelling or grammatical errors) as many times as you like as long as the submission period for that CEC is open. In other words, you can submit multiple versions of a CEC but you are not permitted to submit two different CEC in a given week. You are required to submit ten commentaries. There are fifteen possible weeks in which you can submit a commentary. You choose which weeks to submit a commentary and which weeks not to submit. I will only grade you on ten. **If you submit for more than ten you will be penalized:** your top scores will be deducted, plus a 5 point penalty will be assessed. **DO ONLY 10!!**

Do not e-mail me your Current Event Commentary!!

CEC are located under **Current Event Commentary.** They appear as a “Test.” You must complete and submit them in this area. I will not accept CEC submitted via e-mail or as a message within SacCT.

Only the following countries are acceptable to do CEC on: China, North Korea, South Korea, Japan, India, Pakistan, Bangladesh, Cambodia, Vietnam, Laos, Thailand, Malaysia, Burma, Singapore, Indonesia, or the Philippines. **The story MUST BE SET** in one, or more, of these countries, otherwise you will receive a failing score. Afghanistan and every place west of it **is not** considered part of Asia for this assignment.

Every CEC **MUST** be based on an article from the CURRENT week and must contain the following elements:

1. Citation of the article or news report. That is the name of the newspaper, magazine, web address, etc. Time and date of the report. You must be precise.

For example:

Sacramento Bee, Tuesday, October 2, Section A, page 5.

Or

The Economist, Oct 1-8, p. 14-17.

OR

If it is from the Web the **FULL AND COMPLETE URL.**

e.g. www.cnn.com is not complete citation

www.cnn.com/2003/WORLD/asiapcf/east/01/16/nkorea.nuclear/index.html
is a complete citation.

If you provide a link, I must be able to click on it and then be taken directly to the article.

2. A brief summation of the article in your own words. You must paraphrase the article. If you merely copy the article (or cut and paste it) you will be severely marked down. Do not cut and paste. Paraphrase!!

3. A well-organized paragraph of several sentences containing a well thought out commentary on the article or report. In other words, what do you think about the information contained in the report.

A Current Events Commentary that contains a proper citation, a good summary, and an **ADEQUATE** commentary will earn 8 points. Improper citation and poor commentary will earn less. Superior commentaries that contain good insight and analysis will earn 9 or 10 points depending on the sophistication of the arguments. I expect your CEC to be clearly written and free of grammatical and spelling errors. You will lose points for a CEC submitted with numerous spelling and/or grammatical mistakes.

Book Quizzes

There will be five book quizzes worth fifty points each. I will only count your three highest scores. They will be given at the beginning of class on the dates listed below. Show up on time. The quizzes are designed to see how well you have read the book. We will discuss the book following the quiz. If upon completion of the quiz you leave class early without a valid reason, you will receive a zero on the quiz.

There will be **NO MAKE UP BOOK QUIZZES**, so show up on time. I will only count your three highest scores. Thus, if you miss a quiz, for whatever reason, that will be one of the quizzes that we drop. I highly, highly, highly recommend that you read all the books carefully and take all the quizzes.

NOTE: SPECIAL BOOK QUIZ RULE. I expect you to read the entire book and to come to class prepared to take the quiz. If you have read the book, you should do well on the quiz. If you have not read the book, or have only read parts of the book, you do not deserve credit. You must get at least 15 of the 25 questions on the quiz correct to earn a score. If you get 14 or less questions correct your score for the quiz will be 0 (ZERO).

EXTRA CREDIT:

For each book quiz over three that you pass you will earn 15 points of extra credit. Thus, there are 30 points of EXTRA CREDIT available to you, for reading the books (that could raise your grade by 4.4%!!!).

Map Quiz

There will be a map quiz in which you must be able to identify 30 places in Asia.

Exams

The exams will consist of matching, short identifications, and one essay question. The exams will cover the assigned readings, my lectures, and everything we discuss in class. About two weeks prior to the examination date I will post on SacCT a study guide of all the terms and essay questions that you will need to know for the exam.

Make-up exams are allowed only under the following conditions. A student must contact me **prior to the exam**. Next, the student will confer with me in my office to determine whether a make up exam is warranted. If a student contacts me after the exam, he/she must provide extensive documentation explaining the failure to take the exam before I decide whether a make-up will be given.

SacCT:

I will be using SacCT to post copies of my lecture outlines, to post the syllabus, and to keep track of your grades. The Current Events Commentary are to be done in SacCT in the assignment area. **DO NOT E-MAIL ME YOUR CEC!**

Attendance is expected at all class meetings. (How else can you learn?) Students should notify me in the event of extended absence. Withdrawals will be permitted only up to the scheduled deadline.

No students may leave the classroom before the class hour ends unless I am informed before class of an unavoidable appointment.

All cellular telephones must be turned off or set on Silent Mode (what they call “Manner Mode” in Japanese). A disruption of class caused by your phone ringing will be held against you.

Class Participation pertinent to the topic under discussion is encouraged. Everyone is expected to be prepared and to participate. Active participation may be used to determine the final grade in borderline cases. Ask questions!!

Academic Honesty

This course follows the CSUS Academic Honesty policy. If you are not familiar with California State University, Sacramento’s Policies and Procedures Regarding Academic Honesty, please read them.

In short, **CHEATING OR PLAGIARISM** will not be tolerated and may result in failure of the course and possible referral for academic discipline. I expect your CECs to be your own work. If they are not, beware!

Please note the **Murphey readings** listed below are for the 6th edition. Any version of Murphey is fine to use, though the page numbers and chapter numbers will be different, the content is basically the same. If you, choose to use a different edition just find the readings that correlate to the lecture content.

Asian History in Comics: In SacCT I have provided you with brief accounts of certain events of Asian History in comic form. I think you will find the passages easily accessible and that they will help you understand the material presented in class. I highly recommend that you read the passages provided. The readings are numbered to correspond to the lecture that they go with. The passages are from Larry Gonick’s

The Cartoon History of the Universe, I (1990), II (1994), and III (2002), and *The Cartoon History of the Modern World*, Part 1 (2006) and Part 2 (2009).
