Survival Questions to Ask Your Department Chair

The answers to the following questions are not closely-guarded secrets. In fact, you will be told much of the information without having to ask. However, you should feel comfortable asking your chair these questions (and any others) in a timely manner. If your chair doesn’t know the answer to a question, he/she should be able to find out the answer or direct you to the right source—often, the department’s administrative support staff.
