Subject: CSU Tax Sheltered Annuity Program Roll-Out

Dear CSU Employee:

The CSU Tax Sheltered Annuity (or TSA) program can help you secure your retirement for the future. Whether you're a current participant or are considering participation in the program, it's important to know that the CSU is making changes that will make it easier to participate in, with a streamlined selection of quality investment choices. It's an opportunity for you to save on a pre-tax basis towards your retirement.

We understand these are uncertain economic times. While no one can predict what will happen with the economy, one of the best courses of action you can take now is to become educated and informed about your investment options in the TSA program.

Systemwide Human Resources Administration has created a short video that will help you learn more about the TSA program. The video can be viewed here: <http://www.calstate.edu/HR/benefitsportal/tsa/chancellor%5Fvideo/>. We encourage you to watch it.

The CSU will be holding a special TSA enrollment from November 3 through November 28, 2008. The sooner you start saving for retirement, the more time you'll have to build it.

We also want to direct you to the CSU's Human Resources systemwide Benefits Portal www.calstate.edu/hr/benefitsportal which offers more information on the TSA plan including enrollment kits. You may also get materials from the Benefits Office.

Participating in the CSU's Tax Sheltered Annuity program is an opportunity to put the power of saving to work for you. It's one of the ways the CSU is working to provide you with tools to manage your savings and work toward a secure future. We hope you take advantage of this opportunity.

Sincerely,

Mary Ford
Campus Benefits Officer
