

## SUBSTITUTE TEACHING ASSOCIATE

### THINGS TO KNOW BEFORE APPOINTING SUBSTITUTE TEACHING ASSOCIATE:

- Substitute Teaching Associates can only substitute for other TAs in the department/program in which they hold an appointment and can only substitute for classes that they are qualified to teach.
- Substitute Teaching Associate assignments shall be made for a range of hours, and shall be compensated at the employee's existing hourly rate. Substitute Teaching Associate appointments shall be made from qualified Unit 11 employees who have notified the Department Chair that they are available for appointment as a Substitute Teaching Associate during the period of their primary appointment. For more information, see Article 2.6 of the UAW Collective Bargaining Agreement.
- If a substitute teaching associate assignment will put the TA over the 20 hour per week limitation, you need to have pre-approval from the Office of Graduate Studies (OGS).
- Substitute teaching associates are paid for actual hours worked in the classroom (i.e., contact hours with students). The hourly rates for substitute teaching associate assignments include compensation for normal office hours, grading time, and prep time in relation to the course taught.
- Upon completion of the assignment, the substitute will need to follow the existing time reporting process. Contact the Office of Human Resources-Academic Personnel or the Payroll Office for additional information on this process.

\* The recommended method for calculating the hourly rate for academic year TAs, from the CO:

Add the number of work days on the academic calendar to the number of holidays that fall within the academic calendar. Take the total and multiply by 8 to get hours worked if the individual was full time. Divide annual base pay by this number. This is the hourly rate that can be used for additional hours worked. (This can also be used to determine the rate of pay for a substitute TA.)

For example: The CSUS 2016-17 AY, the campus academic calendar has a total of 174 work days. In addition, 10 holidays are determined to fall within the dates of the academic calendar. The number of paid hours is 184 days times 8, or 1,472 hours. The TA's base pay is \$3,000 per month, or \$36,000 per year. The hourly rate is \$36,000/1,472 or \$24.46 per hour.
