

HRS 151
Team Assignment #0

1. Primary Task: compose the **1-2 sentence statement**, with examples from three university-related stories and one student's "map" of the campus to support it, that articulates as precisely as possible the answer to the following question: "In what way(s) do the assigned stories by students, faculty, staff, and administrators, when considered side by side, provide important clues about the life of this university, considered as a complex whole?" You may find it helpful to think in terms of the analogy between stories and maps suggested in "Myths, Stories & Reality."

(a) Statement:

(b) Provide support by citing a **1-2 sentence excerpt** from **three of the assigned stories**, representing each of the following types listed below, and each related to the above statement:

daily life example

mythic example

fantasy example

[Also attach first the "map" of the university, drawn by one of your team members, that most clearly supports your statement in 1(a); label it "student example" to distinguish it from others.]

2. Preparation for Trial Unit Test (OPTIONAL): review the meanings of the terms **myth**, **transcendence**, and **fantasy** as they apply to and are illustrated in the sources surveyed above.
