Unit Test #1

(1 PAGE MAXIMUM—back to back printing OK)

Type responses directly onto this form, single-spaced, **preserving numbering & prompts**

Choose & circle **one set of three** terms listed here, and answer the two questions about them below.

NOTE: you may **not** mix terms from the different sets.

Chichen Itza, shaman, and resurrection (in "Royal Treatment")

sacred animal, initiation, & Navajo (in *Ceremony*)

1. Compose the **1-2 sentence statement** that specifies most precisely the significance of all three terms in relation to one another. You should specify to what each term refers, **citing relevant short phrases and page #s** from SHM and/or EB; but you must also use your own words to explain connections between the terms rather than simply listing the meaning of each.

2. List **three (3) excerpts** from **different thirds** of the corresponding **primary source**, each of which supports the statement presented in #1 above. The significance of each term should be reflected in at least one excerpt, though the excerpts need not mention the terms explicitly.

(a) page # from first third:

(b) page # from second third:

(c) page # from final third
