1. Answer the assigned Questions, Exercises, and Problems in one of the following chapters of the Horngren (13th edition) text: Chapter 8, 14, 16, or 18. If you do not have the 13th edition of the text, you can copy the assigned questions from a copy of the 13th edition in the Reserve Bookroom of the library.

2. The criteria used to allocate points to this assignment are:
   a. Completion
   b. Neatness, clear labeling, and demonstration of effort

3. Based on my strict discretion:
   a. 20 points will be earned if both criteria are fully met.
   b. 10 points will be earned if the criteria are substantially (but not fully) met.
   c. 0 points will be earned if the criteria are not substantially met.

4. Points earned will be added only to the numerator (not the denominator) of your total point percentage in the course. Mathematically, this is to your advantage (as opposed to also adding the 20 points possible to your denominator).

5. This assignment is due and should be submitted in hard copy to my office (TAH 2098) by the date of your final exam.

6. There is no penalty for not doing this assignment. It is completely optional. All answers must originate from the individual student. No copying, collaboration, answer borrowing, or consulting with others is allowed.

---

- **Chapter 8: Flexible Budgets, Overhead Cost Variances, and Management Control**
  Questions 1-15 (answers questions in complete sentences), Exercise 8-16, Exercise 8-17, and Exercise 8-22

- **Chapter 14: Cost Allocation, Customer-Profitability Analysis, and Sales-Variance Analysis**
  Questions 1-15 (answer in complete sentences), Exercise 14-16, Exercise 14-17, and Exercise 14-19

- **Chapter 16: Cost Allocation: Joint Products and Byproducts**
  Questions 1-15 (answer in complete sentences), Exercise 16-16, and Problem 16-27

- **Chapter 18: Spoilage, Rework, and Scrap**
  Questions 1-15 (answer in complete sentences), Exercise 18-16, Exercise 18-17, and Exercise 18-27
