Required Text:

- **CONNECT online access code** (for online homework)
 - with e-text (\$125.00)
- Lanen, Anderson, Maher, **Fundamentals of Cost Accounting**, [hard cover]
 - (Optional) 4th ed., (2014) McGraw-Hill Irwin; **ISBN** -- 978-0-07-802552-5
 - (Recommended) Older, used versions and/or the e-text are acceptable (and cheaper!)

Course Description:

Emphasizing the concept of “different costs for different purposes,” this course focuses on cost accounting strategy and the decision making process. After successfully completing this course, students should have knowledge of:

- | | |
|---|--|
| <ul style="list-style-type: none"> • Cost concepts and behavior • Cost-volume-profit (break-even) analysis • Relevant costs for decision making • Cost estimation • Job costing • Process costing | <ul style="list-style-type: none"> • Activity-based costing • Cost allocation • Budgeting • Variance analysis • Capital budgeting |
|---|--|

Grading:

	<u>Points</u>	<u>Percent (rounded)</u>
• Attendance (5 pts. dropped per unexcused absence) (5 pts. dropped per incomplete assigned LearnSmart as of class start time)	50	10 %
• Quizzes/Homework (online) (11 drop 2 = 9 @ 30 pts. each)	270	52 %
• Midterm Exam (chs. 2,3,4,5,7,8 – conceptual – in class)	100	19 %
• Final Exam (chs. 9,11,13,16, Appendix – conceptual -- in class)	<u>100</u>	<u>19 %</u>
	<u>520</u>	<u>100%</u>

Notes:

- Final course grades will be straight A, B, C, D, or F (no plusses or minuses).

Wk	Mtg	Day	Date	Chap	Chapter Topic/Assessment
2	1	Mon	8-Sep	2	Concepts and Behavior [VIDEO]; <i>LearnSmart Module 2</i>
