Chemistry Club Meeting

2/4/14

❖ A club bowling night at Country Club Lanes has been planned for possibly Thursday February 20th at 7:30 pm. An exact date and time will be set soon. We would like to see you come out for a fun night of socializing and bowling!

❖ Keck will be coming to talk to us and some of the other science organizations on campus on March 18th at 5:30pm. This is something you don't want to miss!

❖ The chemistry club will be hosting 5th graders from Merryhill School on Friday April 25th from 10:30 to 12pm. If you were with the club last spring semester these are the same 4th graders we hosted but are now returning as 5th graders. We will be doing Glow by Glow Chemistry experiments with the students.

❖ Another activity we are in the middle of planning is a joint tour with the Chico State chemistry club of AMPAC fine chemicals. Tentative dates are either Friday April 11th or April 18th.

❖ Our next general meeting will be February 18th at 5:30pm in SQU 542. Hope to see you there!
