Subject: Meeting Overview from April 2nd!

Hey Chem Club!

Here are a couple of things to keep in mind as you finish up with midterms!

Gallo Winery Tour- Next Friday, **April 12th**! We are unfortunately **out of space for this tour**. Those who are attending, and are confirmed will receive reminder emails as this event draws closer. Please e-mail me if you have any questions!

Guest Speaker- Niam Phan- At our next meeting on **April 16th** (5:30, Squ 316), Niam Phan will be visiting our club to speak to us about his position as an **optometrist**, as well as to answer any questions you may have for **life after college!** He is a Sac State Alumni, and is actually an Alumni of chem club as well! If you have any questions for Niam, please bring them, he'll be thrilled to answer.

Merryhill School Visit- On **April 26th**, Merryhill Elementary School will be visiting our campus! This event will be similar to the Bret Harte visit in setup, except that we will have much more time this time. The event will run:

- Setup: 9am - 9:45am
- Event: 9:45am - 1pm
- Cleanup: 1pm ~ 2pm

We will need as many volunteers as we can get for this! Lunch will also be served during the event, and during this time the kids will ask us any questions they have about college. We have several experiment ideas, HOWEVER. **SEND US YOUR EXPERIMENT IDEAS.** They are learning about solubility, but that should not limit your ideas.

End of the Year Barbecue- Save the date: **May 17th** Hot dogs, burgers, veggie burgers, volleyball will be served! (:

Good Luck on any upcoming exams and projects!
