

FACULTY PROFILES

FACULTY PROFILES - SEPTEMBER, 1963

This is the second edition of the Sacramento State College FACULTY PROFILES published periodically by the Faculty Association.

This publication is highly regarded by the faculty itself, as well as other members of the College community who come in contact with the faculty.

The format of this edition is different from the last. The photographs are arranged by year of arrival at the College. In order to find a person, turn to the alphabetical information section which includes the year of arrival.

We would like to express our appreciation to those who have made FACULTY PROFILES possible. The services of the Alumni Office are very much appreciated, as well as those of Mr. Nicholas DeLucia and his staff.
