

SACRAMENTO STATE

Department of Physics & Astronomy Spring 2008

Physics Colloquium Series

“From Deep Space to Earth: Photovoltaic Concentrators Impact the Future of Terrestrial Solar Energy Production”

Michael Fulton will present the challenging development of space solar power concentrator technology that provides a lower cost solution for terrestrial photovoltaic energy production.

Michael Fulton

President, Ion Beam Optics, Inc.

Thursday, March 27, 2008

***4:20-5:30 PM MND 1015**

***Note new times this semester**

Open & Free to all Students, Faculty & Public
