Proposed Supplemental Admission Criteria for Criminal Justice, Health Science and Psychology

Criminal Justice
Eligibility for admission to the Criminal Justice major is based on academic achievement. Before admission to the major, all applicants must meet the requirements described below:

a. Overall GPA of 2.6 or higher
b. Completion of the following courses or their equivalents with a grade of C+ or better:
   
   Criminal Justice courses:
   - CRJ 1, Introduction to Criminal Justice
   - CRJ 2, Law of Crimes
   - CRJ 4, General Investigative Techniques
   - CRJ 5, The Community and the Justice System

   GE courses:
   - Sociology 1, Principles of Sociology or Psychology 1, Introductory Psychology: Basic Processes
   - Statistics 1, Introduction to Statistics or Statistics 50, Introduction to Probability and Statistics
   - Government 1, Essentials of Government
   - History 17B, United States History, 1877-Present
   - English 20, English Composition

Applicants will be rank ordered and the department will admit as many students as there are slots available. A limited number of applicants may be admitted as exceptions to these criteria by demonstrating special circumstances, such as those associated with overcoming educational obstacles.

These supplemental criteria were developed and approved by the Division of Criminal Justice faculty at large on December 10, 2010 and are endorsed by the Chair, Dean and the Provost.

Health Science
Eligibility for admission to the Health Science's BS program is based on academic achievement. First-time freshmen and transfer students are eligible for admission to the undergraduate Health Science program upon meeting the following criteria:

1. a 2.0 minimum GPA in overall Sacramento State units for native students or overall transfer units for transfer students

2. a course grade of C or above in all required pre-requisite Health Science major courses including BIO 25, Human Anatomy and Physiology I; BIO 26, Human Anatomy and Physiology II; CHEM 6A, Introduction to General Chemistry; PSYC 2, Introductory Psychology; HLSC 50, Healthy Lifestyle, HLSC 98, Health Science ProSeminar, and STAT 1, Introduction to Statistics or their articulated equivalents.

3. HLSC 98, Health Science ProSeminar, can be taken prior or as a co-requisite to all required upper division HLSC courses, except for those HLSC courses that are designated as a GE offering.
All pre-requisite health major requirements must be completed prior to admission into the BS Health Science concentration within the Department of Kinesiology and Health Science. Eligible applicants will be admitted for available spaces within specific options including Community Health Education, Health Care Administration and Occupational Health and Safety based on a rank ordering of such applicants. A limited number of applicants may be admitted based on special needs.

The supplemental criteria was developed and adopted in an earlier form by the Health Science Program Faculty Committee in December 2010.

**Psychology**

First-time freshmen and transfer students are eligible for admission to the undergraduate Psychology program upon meeting the following criteria:

- New and returning students must meet the CSU admission requirements applicable to their class level and continuing students must be in good academic standing.
- Students must complete PSYC 2 (Introductory Psychology; 3 semester units) and PSYC 8 (Methods of Research; 3 semester units) or their articulated equivalents with a grade of “C” or higher in each course. Students may repeat these courses only once.
- Students must have completed at least 30 semester units.
- Students must have a minimum of 2.3 GPA in their most recent 30 semester units.
- Students may apply to the major twice.

Admission of majors to the Psychology program will be based on a rank ordering of eligible applicants according to their GPA from their most recent 30 semester units. Applicants will be accepted for available spaces up to the departmental capacity.
