Though brief, your paper should be well written (i.e., proper grammar, spelling, etc.) and typed. Points will be deducted for grammar and spelling errors. Papers will be due, on the dates noted in the schedule. On your papers, please note the location, dates, and times of your observation, as well as the name (and email address) of the school psychologist you are working with.
QUESTIONS FOR OBSERVATIONS AND PERSONAL REFLECTION PAPERS:

   ✓ What other knowledge/skill might have been helpful?

2. October 5th: SST and/or IEP observation(s) (2 hours)
   Respond to ONE of the following questions:
   ✓ Who was not there that you think should have been and why?
   ✓ Who directed the conversation and what strategies did this person use?
   ✓ Describe the parent(s)’ role and what you think the parent(s) might have felt or been thinking.
   ✓ What information could have made this process more useful/meaningful?
   ✓ Describe one or two really effective strategies used by team members.

3. October 12th: Exemplary Teacher Observation (2 hours)
   ✓ Why do you think this teacher is considered “exemplary”?
   ✓ What theory or knowledge base supports your conclusions?

4. November 9th: RSP/SDC classroom observation (2 hours)
   ✓ What did you see as the greatest barriers to learning for these students? AND/OR
   ✓ What effective strategies did the teacher/aide use to engage students in learning?

5. November 16th: Personal Reflection
   ✓ How might your own personal cultural background (e.g., culture you were raised in) have affected your prior observations? How might your culture have shaped/influenced/colored your observations?
PORTFOLIO

The School Psychology Portfolio is used as a formative evaluation tool throughout the candidate’s enrollment in the CSUS school psychology training program. At the conclusion of the internship it is used as a summative evaluation. During the internship year a Behavior Intervention Case Study, and Academic Intervention Case Study, and a Psycho-educational Evaluation will be submitted by all interns and evaluated using criteria similar to that employed in EDS 240, EDS 243, and EDS 246A. It will also include an updated resume and the final School Psychology Internship Evaluation Form.

Alignment with NASP (2010) Standards for Graduate Preparation of School Psychologists: The Portfolio is aligned with the 10 NASP domains approximately as follows:

The portfolio serves several purposes:

- First, it will provide documentation of the competencies that you have developed while in the CSUS School Psychology Program.
- Second, it will allow you and the faculty to note any omissions in instruction, program, or competencies.
- Third, it will help you to better understand the knowledge base and skills pertinent to your practice as a school psychologist.
- Fourth, it will be a valuable document for presenting to prospective employers your competencies and experiences.
- Fifth, it will be a useful tool as you begin your school psychology practice.

Each semester you will be expected to add to your portfolio and have it reviewed by a faculty member. At the conclusion of your course work, during the internship year, your faculty advisor and/or Internship supervisors, will need to verify that the portfolio has been completed.

There are several approaches to constructing your portfolio and each person has his or her own approach. Because your portfolio is both a personal and public document it is important that it reflect your individuality as well as meet certain standards as to content. Here are some suggestions that we have for how you might organize your portfolio.

1. Resume

2. The following sections in which you would include examples of your work that are listed on the following page. You also might include in each section a list of relevant coursework completed:
   a. Consultation
   b. Intervention
   c. Assessment
   d. Counseling
   e. Resources
   f. Research
   g. Law and Ethics

3. A list of your course work and/or a copy of your transcripts

4. Certificates/credentials/honors

5. Other items that reflect what you consider your strengths. This is a document to be proud of, so enjoy showing off your skills! For example, CASP or NASP presentations.
