

Air Force ROTC The Mighty Blue Dragons

Crosstown Schools

The majority of our cadets are students here at the host university, CSU Sacramento; however, many others attend crosstown schools. You may attend CSU Sacramento or one of the schools listed below to participate in Air Force ROTC at Detachment 088, as long as you plan to transfer to and graduate from one of the four-year universities below. Additionally, as long as you attend one of the schools below, you may also take courses from other non-listed accredited colleges/universities (including online class format) to count toward your degree progress (if transferrable) and to your full-time student status. For more information about crosstown arrangements, check out the [AFROTC Detachment Locator](#) on the [AFROTC.com](#) web site.

Notes:

1. *If you are a cadet attending a cross-town school, you must register for your AERO class with Sac State by using a Cross-Town Open Enrollment Form. To complete the form, fill out the the necessary course information, have your specific AS class instructor sign, and gain the Detachment Commander's signature for Department Chair. You will then turn your Open Enrollment form in to the College of Continuing Education Records office in Napa Hall with your \$65 per unit payment via personal check.*
2. *Cadets attending UC Davis must use the UC Davis - Cross Enrollment Form instead of the Sac State open enrollment form.*
3. *See your AS instructor or AFROTC University Liaison for help with either enrollment process.*
4. *If you are on an AFROTC scholarship, you do not pay for cross or open enrollment. Make sure you check with your AS instructor and AFROTC University Liaison before submitting enrollment forms.*

Community Colleges:

[American River College](#)
[Cosumnes River College](#)
[Folsom Lake College](#)
[Sacramento City College](#)
[San Joaquin Delta College](#)
