

# Air Force ROTC The Mighty Blue Dragons

## Test of Basic Aviation Skills (TBAS)

The TBAS is a computerized psychomotor, spatial ability, and multi-tasking test battery. It is used as a tool for the selection of United States Air Force pilot and RPA pilot candidates. TBAS scores are combined with the candidate's Air Force Officer Qualifying Test (AFOQT) Pilot composite and flying hours to produce a Pilot Candidate Selection Method (PCSM) score. The PCSM score provides a measure of a candidate's aptitude for pilot and RPA pilot training. This PCSM score is provided to pilot selection board along with other "whole-person concept" information to make decisions concerning pilot candidate selection.

Additional TBAS information can be found at the following link: [Test of Basic Aviation Skills](#)

When arriving for your scheduled TBAS, you'll need to bring the following documentation:

- *Government-issued ID Card*
- *Social Security Card*
- *Current College Transcripts (may be unofficial)*
- *Flight Log (if applicable). Must be used to verify any documented flying hours.*
- *Candidate Information Worksheet, available here. Do not sign and date the form until you arrive for your scheduled test.*

For inquiries, or to schedule a test, please contact the Det 088 Test Control Officer at [det88testing@gmail.com](mailto:det88testing@gmail.com).
