2021-2022 Catalog

The California Studies concentration is one of 14 concentrations currently offered through the Liberal Studies program. Students must complete either (1) a concentration in an area of study defined in the catalog (2) a minor as defined in the catalog Upon a review of the data, no Liberal Studies majors have elected to choose the California Studies concentration for the past five years. Most students interested in studying the general area of California Studies elect to complete a History minor, a concentration in Multicultural Studies, and a relatively low number complete a concentration in U.S. History.

Since no students have pursued this concentration for the past five years, and we do not know of any current students pursuing this concentration, there will be no fiscal impact discontinuation.

The Liberal Studies Council voted unanimously to delete this concentration. Face-to-face meeting and email correspondence with the chair of History (HIST), Prof. Jeff Wilson. Email correspondence with the chair of Economics (ECON), Prof. David Lang. Email correspondence with the chair of Geography (GEOG), Prof. Tom Krabacher Email correspondence with the chair of Political Science (POLS), Prof. Jim Cox Email correspondence is attached.

Currently enrolled students who elect to complete this concentration can still do so, since these courses are regularly offered by the History, Economics, Geography and Political Science departments. We have not identified any current students seeking this concentration, but if a student with catalog rights were interested in pursuing this concentration, they would be able to do so.

Since no current students are pursuing this concentration, this deletion will have no effect on resources.

Program Description

The Liberal Studies program is an interdisciplinary major, which encompasses a wide variety of areas of knowledge in a multidisciplinary curriculum. The program provides a broad academic program that encourages academic excellence, diversity, community, and collaboration. There are two tracks in the Liberal Studies Program: Pre-Credential and General.

•The Pre-Credential program is a multidisciplinary major designed for students who intend to become K-8 or special education teachers in California, and it has been approved by the California Commission on Teacher Credentialing. Its purpose is to provide beginning teachers with a strong grounding in the wide ranging subject matter that will be needed to be effective teachers. The core section is comprised of courses in reading, language and literature, mathematics, natural science, history and social sciences, visual and performing arts, physical education, human development, and health. The Pre-Credential program requires a 12-unit concentration.

•The General program is designed for students who are interested in a multidisciplinary major, but who do not necessarily plan to become teachers. The Liberal Studies major is an excellent preparation for careers in government service, public administration, business, management, community service, counseling, law, librarianship, public health, as well as professional or graduate school. This major requires students to include a minor.

The Liberal Studies major is a complex program requiring early and continuing contact with an adviser. Students meet with an adviser at least once each semester to provide a hands-on approach to learning. Students must complete 120 units and meet the University foreign language requirement in order to earn a Bachelor of Arts degree. Students are urged to obtain advice as early as possible to avoid delays in the completion of these requirements. The Liberal Studies program director and faculty and staff advisers are located in Lassen Hall 2008, (916) 278-6342.

Admission Requirements: Course prerequisites and other criteria for admission of students to the degree major program, and for their continuation in it.

Minimum Grade Requirement

A minimum grade of 'C-' is required in all courses applied to the Liberal Studies major.

Requirements for Concentrations (Pre-Credential Program)

All concentrations require a minimum of 12 units, 3 of which may overlap with the core course requirements (except for concentration in multicultural studies). Students who wish to complete requirements for a supplementary authorization in any CCTC-approved discipline, which allows them to teach the subject matter typically taught in grades K-9, should see an adviser for important information.

Requirements for the General Program

Students who are following the General Liberal Studies program will complete a minor instead of a concentration. Please talk to an adviser for more information.

Program Requirements: (If new courses are being created as part of a new program, it will be useful to propose courses first.)
