Yes

Justification for course proposal:

The California Commission on Teacher Credentialing, the governing and accrediting body for all school personnel programs in California, has substantially changed the program standards that all Education Specialist (special ed) credential programs must meet. Substantial course changes are therefore required in order to meet these new standards and new Teaching Performance Expectations (TPEs). The new programs must go into effect beginning Fall 2022 (no student can be admitted into an old program after spring 2022).

The course title has been changed to reflect the new name of this credential (old name: Moderate/Severe Special Education, new name: Extensive Support Needs). Learning outcomes are aligned to new standards, as are course activities and assessments.

The course classification code has been changed from S5/CS#23 to S4/CS#24. This reduces the WTUs generated from 1.0 per teacher candidate to 0.66. This puts our program in line with all other intern courses in the CSU system; none of the campuses surveyed use S5/CS#23 in Special Education internships. Consequently, we will also decrease the workload required of the university supervisor to match the change in WTUs assigned.

The course units have increased from 5 to 9 to comply with the credit hour policy.

We are proposing two separate intern teaching courses so that those candidates who are interns for more than one semester have appropriate courses in which to enroll for university supervision (which is required by the Commission on Teacher Credentialing).

Course Description: (Not to exceed 80 words and language should conform to catalog copy.)

This Intern Teaching placement is designed for credential candidates in the MA in Special Education Teaching – Emphasis in Students with Extensive Support Needs. Candidates must demonstrate that they are at a “developing proficiency” level in 11 areas in order to move into the final semester of Advanced Intern Teaching: professionalism, IEP development, curriculum, modifications and adaptations, systematic instruction, non-classroom/community instruction, facilitating friendships, augmentative and alternative communication, positive behavioral supports, teaching students with the most complex disabilities, and program management.

(TPEs: U1.8, U4.5,ESN5.5,5.7, U6.1-6.7, ESN6.1-6.4)

TPE = Teaching Performance Expectation; the TPEs are the SLOs required by the state of California for teaching credential candidates
ESN = Extensive Support Needs (those TPEs that are specific to the ESN credential)
U = University (those TPEs that are universal across all teaching credential programs)

Assessment Strategies: A description of the assessment strategies (e.g., portfolios, examinations, performances, pre-and post-tests, conferences with students, student papers) which will be used by the instructor to determine the extent to which students have achieved the learning outcomes noted above.

1. Midterm Evaluation (All SLOs) (see attached evaluation form)
2. Final Evaluation (All SLOs) (see attached evaluation form)

The evaluation tool attached evaluates all learning outcomes listed above. It is used twice during the semester; once at midterm (about week 8) and once at the end of the semester.

Formal Observations, post-conferences between the faculty supervisor and teacher candidate (and sometimes including the cooperating teacher in a triad); written lesson plans; and written reflections are also used to assess SLOs.

For the Council for the Preparation of School Personnel (to be filled out with assistance of your department chair):

Does this course change impact your department's currently written Program Standards Document?

Yes

Program Standards: Please include suggested language changes:

These changes are being made because the program standards from the Commission on Teacher Credentialing have substantially changed. Therefore, our response to the standards must also change (to match the new standards from CTC). Our responses are now fully electronic as required by the Commission on Teacher Credentialing and so "suggested language changes" does not apply (this was confirmed by COE Associate Deans Pia Wong and Karen O'Hara).
