**Justification for course proposal:**

The California Commission on Teacher Credentialing, the governing and accrediting body for all school personnel programs in California, has substantially changed the program standards that all Education Specialist (special ed) credential programs must meet. Substantial course changes are therefore required in order to meet these new standards and new Teaching Performance Expectations (TPEs). The new programs must go into effect beginning Fall 2022 (no student can be admitted into an old program after spring 2022).

This new Advanced Intern Teaching course has been proposed for those candidates who serve as an intern for two consecutive semesters, so that they receive supervision each semester (as required by the Commission on Teacher Credentialing) and to account for growth in meeting required TPEs over time.

Course SLOs, assignments, activities and assessments are aligned with the new TPEs.

**Course Description: (Not to exceed 80 words and language should conform to catalog copy.)**

This final semester Internship is designed for credential candidates in the MA in Special Education Teaching – Emphasis in Students with Extensive Support Needs. Candidates must demonstrate that they are at a “proficient” level in 11 areas in order to receive a recommendation for their credential: professionalism, IEP development, curriculum, modifications and adaptations, systematic instruction, non-classroom/community instruction, facilitating friendships, augmentative and alternative communication, positive behavioral supports, teaching students with the most complex disabilities, and program management.

**Assessment Strategies:** A description of the assessment strategies (e.g., portfolios, examinations, performances, pre-and post-tests, conferences with students, student papers) which will be used by the instructor to determine the extent to which students have achieved the learning outcomes noted above.

2. Final Evaluation (All SLOs) (see attached evaluation form)

The evaluation tool attached evaluates all learning outcomes listed above. It is used twice during the semester; once at midterm (about week 8) and once at the end of the semester.

Formal Observations, post-conferences between the faculty supervisor and teacher candidate (and sometimes including the cooperating teacher in a triad); written lesson plans; and written reflections are also used to assess SLOs.
