**Description of the Expected Learning Outcomes: Describe outcomes using the following format: "Students will be able to: 1), 2), etc."**

There are no changes to the ELOs:

1. Communicate effectively, orally and in written form, with patients, families, caregivers, and other health care providers
2. Develop written reports for diagnosis, evaluation, and recommendations
3. Diagnose, triage, treat, and manage auditory and vestibular conditions and diseases for patients across the lifespan
4. Discuss findings, diagnosis, and treatment options with the patient, family, and other health care providers
5. Adhere to professional ethics as they relate to the practice of audiology
6. Evaluate and reflect on performance in at least three sessions followed by discussion with clinical instructor

**Assessment Strategies: A description of the assessment strategies (e.g., portfolios, examinations, performances, pre-and post-tests, conferences with students, student papers) which will be used by the instructor to determine the extent to which students have achieved the learning outcomes noted above.**

Existing course. There are no changes to the assessment strategies.

All 6 ELOs will be assessed by a lengthy list of clinical competencies from seven domain areas (see attached).

Grading Policy: A passing grade for clinic performance is based on the Final Clinical Competency Form. Students should review this form BEFORE clinic starts so that they are aware of all items that will become part of the formative and summative assessment for this clinic. The Clinical Competency form will be completed by the clinical instructor at midterm and at final, but it is the final Clinical Competency Report on which student's clinic grade is based.

The Clinical Competency Form is separated into seven (7) general competency categories: (1) Prevention, Screening and Identification, (2) Assessment, (3) Adult Rehabilitation, (4) Pediatric Rehabilitation, (5) Counseling, (6) Communication & (7) Professional Practice. Each general competency area consists of numerous individual line items. A passing grade for each clinic is a B or higher. A passing grade is obtained by achieving a rating of 4.15 or better on the average combined score of the 7 general competency categories, provided that the student achieves: (a) an average rating of 4.15 or better for each of the 7 general competency categories and (b) a minimum score of 4.15 on all individual competency line items. Therefore, any student receiving (a) a

rating of 4.14 or less on any one (or more) specific line item or (b) a rating of 4.14 or less for a competency category will not pass the clinic, even if their average combined score of the 7 general competency categories is a B or higher. In such cases, a grade of B- will be given for the clinic.

Audiological Evaluation Documentations (ELO 3)  
Clinical Instructor Session Notes (ELO1 & 4)  
Establish rapport (ELOs 1 & 2)  
Clinical Instructor Notes (5 & 6)  
Reflections (5 & 6)
