Type of Program Proposal:

Major

Program Change Type:

Non-Substantive

Title of the Program:

Bachelor of Music (Jazz Studies)

Designation: (degree terminology)

Bachelor or Music

Briefly describe the program proposal (new or change) and provide a justification:

The Bachelor of Music (Jazz Studies) with Music Education emphasis requires MUSC 102, a class that is no longer offered because we revised our music theory/musicianship curriculum. This proposal is offered to correct this error.

For the BM Jazz Studies with Music Education emphasis, we propose removing MUSC 102 (a class that was eliminated in the revision and has been deactivated) and adding MUSC 130 (the new pedagogy of theory and musicianship class we introduced when we revised the curriculum.) This substitution is appropriate for the Music Education emphasis.

Objectives of the degree program:

The Bachelor of Music, Jazz Studies, provides students with intensive learning in the history, music theory and performance of jazz music. With the added Music Education emphasis, students receive the pedagogical training needed to teach this discipline in our K-12 public schools. Applied study prepares students to excel on their instrument or voice; music theory and training in improvisation informs them about the structures and harmonic relationships of jazz; ensemble experience establishes context for artistry, improvisation and group performance; pedagogy and repertoire courses prepare them to teach in the classroom. Graduates from this program will be prepared for post-baccalaureate study, the California Credential program (with the Music Ed. emphasis) or to begin careers in music.

University Learning Goals**Undergraduate Learning Goals:**

Competence in the disciplines
Integrative learning
Intellectual and practical skills

Will this program be required as part of a teaching credential program, a single subject, or multiple subject waiver program (e.g., Liberal Studies, Biology) or other school personnel preparation program (e.g., School of Nursing)?

No

Do these changes impact the Smart Planner roadmap?

No

Catalog Description:**Units required for Major: 71-76, including units for concentration (see below)****Total units required for BM: 120****Program Description**

The fundamental purpose of the Sacramento State music curriculum is threefold:

1. to promote excellence in all aspects of music performance and academic coursework,
2. to provide basic preparation for careers in music, and
3. to promote interest in all musical and artistic endeavors at the University and in the Sacramento community.

The main emphasis of the School of Music is upon performance. Sustaining this concept is the School's faculty, which remains committed to individual and ensemble performances as a means of enhancing the teaching quality of the institution and the cultural climate of the campus and community.

Students majoring in Music are not only expected to be technically proficient in the art but are required to have broad training in the liberal arts and sciences that are the core of the University's program.

Admission Requirements: Course prerequisites and other criteria for admission of students to the degree major program, and for their continuation in it.

Admission Requirements

Admission to the Bachelor of Music degree program requires the recommendation of the student's major applied instructor, a 3.0 GPA in music courses, and approval of the applied area based upon a successful audition. Admission criteria and audition instructions may be obtained from the Music Department Office.

Each area of concentration has unique course requirements. Students interested in a BM degree should discuss the details of the program with a faculty advisor in the Music Department.

Grade "C-" or better required in all courses applied to the major.

General Requirements

The following are required for the Bachelor of Arts and Bachelor of Music degree programs:

Performance Evaluation: Upon entering the music major, each student is required to:

1. declare his/her major performance medium (instrument or voice);
2. perform an entering placement audition before the appropriate applied faculty; and
3. continue the development of his/her performance ability through regular study in accordance with Departmental requirements.

This development in performance is demonstrated at end-of-semester auditions before the applied music faculty. See applied music numbers for appropriate courses.

Soloist: Each student in the BA program of sophomore standing or above should appear as a soloist in at least one student recital or repertoire class each semester. Students in the BM program must do either a repertoire class performance or one student recital each semester.

Ensemble: As an ensemble experience, each student must participate in at least one large performing ensemble each semester. The following groups meet this requirement: symphonic band, concert band, marching band, opera workshop, orchestra, concert choir, or University chorus. Assignment to the performing ensemble(s) is to be made in consultation with the music major advisor and by audition. A MUSC 142 series course is the appropriate course in which to register.

Piano: All undergraduate students majoring in music must have basic facility in piano to graduate from the University. For students other than keyboard majors, completion of MUSC 14D meets this requirement.

Attendance/concerts-recitals: Each music major is required to attend a minimum of ten concerts and/or recitals each semester. Attendance is monitored electronically. Students may choose to earn academic credit for this requirement by enrolling in MUSC 100A as an elective.

Teacher Preparation: Teaching credential candidates must also complete the Professional Education Program in addition to the BM Music Education requirements. See the College of Education section of this catalog for admission procedures and consult the department credential advisor for details.

Marching Band: Wind and percussion majors who are credential candidates must include at least one semester of marching band (MUSC 142M) as their Large Performance Ensemble experience.

As defined by policy <http://www.csus.edu/umannual/acadaff/fsm00010.htm>, a change in units constitutes a substantive change to the program. If your changes constitute a substantive change, please refer back to the "Program Change Type" field above to ensure that "Substantive" is selected.

Program Requirements: (If new courses are being created as part of a new program, it will be useful to propose courses first.)
