Units:

3

Changes to a course's units impact any related programs. As a result, a corresponding change must also be submitted for those programs

Is the only purpose of this change to update the term typically offered or the enforcement of existing prerequisites at registration?

No

In what term(s) will this course typically be offered?

Fall, Spring

Does this course require a room for its final exam?

No, final exam does not require a room

This course complies with the credit hour policy:

Yes

Justification for course proposal:

The increase in units from 2 to 3 is part of the program change submitted for the MA in Biological Sciences. The increased culminating experience units more accurately reflects the amount of time and effort required to complete the Project.

Course Description: (Not to exceed 80 words and language should conform to catalog copy.)

Completion of a written project based on a research problem in biology approved for the MA in Biological Sciences. Should be taken in final semester prior to the completion of all requirements for the degree.

Are one or more field trips required with this course?

No

2	Develop and orally present a competitive grant proposal addressing a current funding agency concern, or a synthesis of the literature leading to novel approaches and solutions.	Assessment: Project seminar. Assessment tool: Project Rubric – Oral Communication
3	Critically analyze and integrate findings in the biological sciences to develop a competitive grant proposal addressing a current funding agency concern, or a synthesis of the literature leading to novel approaches and solutions.	Assessment: Written Project. Assessment tool: Project Rubric – Critical Thinking
4	Apply a global perspective to the interpretation of published research findings in the biological sciences.	Assessment: Written Project. Assessment tool: Project Rubric – Global Perspectives

Is this course required in a degree program (major, minor, graduate degree, certificate?)

Yes

Has a corresponding Program Change been submitted to Workflow?

Yes

Identify the program(s) in which this course is required:**Programs:**

MA in Biological Sciences

Does the proposed change or addition cause a significant increase in the use of College or University resources (lab room, computer)?

No

Will there be any departments affected by this proposed course?

No

I/we as the author(s) of this course proposal agree to provide a new or updated accessibility checklist to the Dean's office prior to the semester when this course is taught utilizing the changes proposed here.
