Justification for course proposal:
This course proposal is being submitted to correct the S-factor to be 0.25 WTUs per student. This is a clinical internship course with a need for liaison units associated with it. We need this change to take place so faculty workload can track as correct, so it needs to be listed as a workload of S1. Since we are formally submitting a change in workflow, we added an updated syllabus with additional learning outcomes. Finally, we are adding "internship" to the title to make it more clear for prospective students taking the class.

Course Description: (Not to exceed 90 words and language should conform to catalog copy.)
Supervised clinical practice in audiology with an emphasis on refining second-year clinical skills and working independently.
