## APPROVERS

7. The **Edit**, **Rollback**, and **Approve** buttons are always visible at the top of the Page Review section while viewing proposals. Clicking **Edit** will open the proposal for editing. Clicking **Rollback** will prompt a dialog box to select what stage the proposal is returned to and a Comment/Reason box to provide an explanation. Clicking **Approve** will send the proposal to the next approval step in Workflow.

### Best Practices and Tips

1. All users have the ability to leave a comment on a proposal in Curriculum Workflow. Be advised that all comments are **PUBLIC** and **PERMANENT**.
2. Proposed changes could be rolled back for a variety of reasons. If so, an accompanied email will explain who rolled it back and why. This email will include a link to open the form and make changes. **This is a one-time email!** It is recommended to set up an email rule to help track these emails.

3. When copying content from another source (e.g., webpage, Word document, email, etc.):
  1. First copy/paste into text editor (e.g., Notepad) to remove all formatting
  2. then recopy/repaste into Curriculum Workflow form
